## American Submarines Sink 15 More Japanese Ships

### New Weapon Used in Destruction of Enemy Craft

### Rockets Destroy German U-Boat

By HAMILTON W. FARON  
WASHINGTON, May 25 (AP)—The Japanese merchant fleet at the rate of better than a ship a day, American submarines have sunk fifteen more enemy vessels. And to protect Allied ships from U-boats the navy is using a new weapon—rockets. This was disclosed today in a communiqué listing the latest bag of American submarines operating in the Pacific, and in the first announcement that rockets, fired from torpedo bombers have been used to destroy a German U-boat.

**Use Rocket Projectiles**  
Attacking with rocket projectiles developed by the United States and backing up this new onslaught with older weapons, American aircraft apparently moved the enemy without damage to themselves, the navy reported in telling of the probable sinking of a big German U-boat in a matter of minutes. The communiqué telling of American submarine successes added another Japanese destroyer to the six Japanese warships they said had been credited with sinking it, with the fourth other ship sunk, brought to forty-one the number of Japanese ships reported sent to the bottom by submarines this month.

**Japs Seem Desperate**  
The sinking of the destroyer—fifth ship announced sunk this month—indicated strongly that the Japanese are trying desperately, but unsuccessfully, to convey merchant ships in movement of supplies and to their garrisons in the Central and Southwest Pacific areas. In addition to the destroyer, the bag of the American submarines includes three tankers, one needed in supplying fuel for the war machine, three cargo ships, seven cargo vessels and a transport. This brought to 724 the number of Japanese ships sunk, badly sunk or damaged by United States submarines since the start. For several months reports of their activities have omitted any mention of ships probably sunk or damaged and if those categories were included the totals would reach close to 1,000 Japanese craft.

### Prosecutor Takes Stand for Miller

### Gives Defendant Good Reputation

WASHINGTON, May 25 (AP)—The district of Columbia's chief criminal prosecutor was called as a defense witness today at the "love triangle" murder trial of Robert I. Lee, 67 year old police court clerk.

First Assistant United States Attorney John W. Philby, who as chief of the criminal division is possible for Miller's prosecution, defended the defendant, whom he had known for twenty-five years, sought advice twice on marital difficulties.

Under questioning by defense counsel, Philby said he advised Miller to talk the matter over with a man who had become a rival in his wife's affections, Dr. John Land.

Philby testified that Miller's reputation for peace and good order was the best prior to last February when he shot and killed Lind, seeing his wife enter Lind's home in a downtown street car.

### Five German Divisions Reported Having Trouble with Bulgarians

LONDON, May 25 (AP)—Five German divisions transferred from the Balkans were reported in an unconfirmed dispatch from the Istanbul newspaper La Turquie tonight to meet resistance when they attempted to take over civil administration of Bulgaria.

With only two Nazi divisions reported to have been stationed in Bulgaria, the reinforcements were reported to have arrived last Saturday. The dispatch did not bring out whether the Germans actually had taken control.

Relations between Russia and Bulgaria were obviously tense as news sought, prior to the coming of the eastern front, to dissuade the Nazis' tired Slavic satellite from giving further help to Germany.

The Moscow radio broadcast an article from the official newspaper Izvestia accusing Bulgarian authorities of "pushing their country towards the brink of a national catastrophe" and a report from Ankara, Turkey, said Russia had set tonight as a deadline for Bulgaria to cut loose from Hitler.

There was no confirmation here of an ultimatum by the Soviets, but in Washington diplomats expressed the opinion that a break between Russia and Bulgaria was possible within a few days and reports from neutral capitals similarly suggested that a severance was imminent.

### Yanks Behave in London:

### Morrison Tells House of Commons Their Moral Conduct Is Very Good

LONDON, May 25 (AP)—Questions in the House of Commons reflecting upon the moral conduct of American troops in Britain were branded "misconceived" and "mischievous" today by Home Secretary Herbert Morrison, who declared that the conduct of the soldiers "broadly speaking is exceedingly good."

The House cheered several times as the home secretary refuted suggestions that the United States military police were failing to cope with the situation and that negro troops were being disciplined while white soldiers did whatever they like.

William D. Kexial, an independent, had declared "it is unfit for a woman to walk unescorted through a town at night time due to ineffectiveness of the American military authorities to deal with the improper behavior of American forces, and the complete failure to prevent unbecoming conduct and give proper protection to women."

In reply the home secretary said "in particular the innuendo that United States authorities are failing to assist to the utmost in disciplining their troops and checking misbehavior is quite unjustified."

"They have at all times co-operated to the fullest possible extent with our police."

### McCormick Asks Severe Penalties For Violators of OPA Regulations

BALTIMORE, May 25 (AP)—Leo H. McCormick, Maryland Office of Price Administration director, said today he was requesting all state war price and rationing boards to impose maximum penalties upon drivers found guilty of speeding or otherwise violating regulations governing rationed goods.

McCormick said that there has been "an upsurge of reckless driving and criminal misuse of gasoline and rubber."

He pointed out that penalties involve suspension of gasoline rationing for periods ranging upwards from a few days to for the duration of the war.

### Warren Refuses To Name Choice

### Hopes His State Will Be United

CHICAGO, May 25 (AP)—Gov. Earl Warren of California asserted today he did not know who would receive his state's fifty votes at the Republican national convention but expressed the hope the California delegates would "be unanimous for their choice."

Warren, who will keynote the party's convention here next month and who has been mentioned frequently as a possible vice-presidential nominee, talked with reporters twenty-four hours after he had asked the California delegates not to present his name as a candidate for any office and not to cast their ballots for him.

Asked if he would accept the nomination for vice-president, the governor said it would be "presumptuous for anyone to assume anything."

Explaining his action in releasing the California delegation, the governor said:

"I always said I was not a candidate for any place on the ticket. The delegation was pledged to me (for president) but I stated I permitted that to be done to bring about unity. Last Tuesday the delegation was elected. I wrote a letter reaffirming what I had stated in the past."

He declined any predictions about the outcome of the November election.

### \$6,500,000 Voted For Forestry Survey

WASHINGTON, May 25 (AP)—Senate approval completed congressional action today on a house bill authorizing \$6,500,000 to finish a survey of the nation's forestry resources.

McCormick reported that the Maryland Traffic Safety commission survey showed "an astounding increase in motor accidents this year war price and rationing boards to impose maximum penalties upon drivers found guilty of speeding or otherwise violating regulations governing rationed goods."

"Already overcrowded hospitals and overworked staffs are asked to take care of this additional needless burden. The contribution of many volunteer workers is being neglected."

"Such waste is almost incredible, particularly in a country at war, with its resources strained to the utmost."

### Taylor Explains Ward Seizure

### Says Avery Sought His Legal Rights

WASHINGTON, May 25 (AP)—The man who seized the Montgomery Ward plant in Chicago for the government testified today that company officials, "always courteous," opposed the action because they were seeking to "establish and maintain" their legal rights.

Wayne Chatfield Taylor, undersecretary of commerce and former Chicago investment banker, told the House committee investigating the seizure how he took possession of the property but failed to obtain any "co-operation" from Sewell Avery, chairman of the board, and other officials of the firm.

"Extremely courteous"

"They were extremely courteous but when it came to carrying out the terms of the order, there simply was no co-operation," Taylor remarked.

He said he had known Avery personally for twenty years and had urged him to accept the dictum of the government, laid down by presidential order after the company defied a War Labor Board directive.

"I got the impression at all times that Mr. Avery wished to do whatever was necessary to establish and maintain his legal rights," Taylor continued.

**Advised by Biddle**

Taylor said he did not contemplate ordering troops into the plant in the beginning but that he finally did so upon the advice of Secretary of Commerce Jesse Jones, Attorney General Biddle and under-Secretary of War Patterson.

It was Biddle, he said, who "advised" that the step was necessary after Avery refused to recognize the authority of United States marshals.

Rep. Elston (R-Ohio), suggesting that Avery and the other company officials were "exercising their legal rights as they saw them," asked Taylor if he would not do the same thing.

"If you mean, would I have done the same as Mr. Avery under the circumstances, I would rather not answer that," Taylor replied.

### Senators Trim Indians In Ninth Inning

CLEVELAND, May 25 (AP)—A three-run ninth-inning rally gave the Washington Nationals a 4 to 2 victory over the Cleveland Indians tonight at Municipal stadium before 18,706.

Milt Haefner was credited with the triumph, and Mel Harder, who was trying for his 202nd major league win, was charged with the loss. Harder's error with three on in the ninth sent the tying run across the plate, and before he could retire the side two more runs were tallied.

### 21 Rail Centers, 15 Air Fields Bombed by Allies

### Nazis Use Rockets In Strong Defense

By W. W. HERCHER  
LONDON, May 25 (AP)—More than 6,000 Allied planes attacked German airdromes and transportation centers on the continent with over 8,000 tons of bombs today in a crushing two-way assault during which American Fortresses and Liberators, storming the west wall, ran into an unprecedented concentration of exploding rockets thrown up by suddenly-increased German defenses.

At least twenty-one rail centers and fifteen air fields upon which Germany has been leaning heavily for defense of Fortress Europe were pounded in this seventh day of furious pre-invasion air onslaught, a day in which the attacks ranged from Toulon in Southern France to the German capital itself.

**Bomb Four Air Fields**

From 750 to 1,000 American heavy bombers based in Britain slammed explosives on four air fields, nine freight yards and other military targets in Northeastern France and Belgium, another American daylight fleet from Italy attacked the Mediterranean port of Toulon and the rail center of Lyons, 200 miles farther north, the funnel to the Southeastern French defense zone.

A United States Strategic Air Forces communiqué reported that nine enemy aircraft were destroyed in the sweep against the west wall, against a loss of four American bombers and twelve fighters.

**No Fighter Opposition**

There was no fighter opposition to this assault, the American planes going down before the strong anti-aircraft fire and a spectacular rocket defense.

The Luftwaffe, frayed from coping with yesterday's simultaneous assaults on Berlin and Vienna and last night's RAF armada of 500 heavy bombers, did not risk their air force to defend today's targets, but augmented anti-aircraft batteries throughout the occupied lands threw up a terrific barrage of flak, including green and black fields of exploding rockets.

The Americans encountered their toughest fight while crossing the Tisnoa river on the east side of the field. Along a trail, the Japanese held up the advance with a concentrated fire of small arms and lobbed shells from 75 mm. artillery at the medium tanks of the attackers.

Then American artillery opened up and the Yanks pushed ahead. The artillery also destroyed an enemy bridge across the Wassek river west of the airfield.

A headquarters spokesman said that sixty-one Americans have been killed, 182 wounded and three are missing in the Wakde-Sarmi operation which already has yielded a good airfield, now in use, on Wakde island and promises early seizure of the Maffin and Sawar airfields near Sarmi.

In contrast, 871 Japanese have been killed and five captured.

**Chinese Deny Japs Occupy Loyang**

CHUNGKING, May 25 (AP)—The Chinese high command announced tonight, hours after a Japanese claim to have occupied Loyang, that Chinese forces still held the ancient walled city, stronghold of the embattled defenders of North-western Honan province.

However, the situation there was confused. Tonight's Chinese communiqué covered only developments through yesterday, when it reported "further progress" for the defenders in bloody counterattacks.

### Plural Marriages Land 15 in Jail

### Salt Lake City Trials Concluded

SALT LAKE CITY, May 25 (AP)—Fifteen Salt Lake City men convicted of unlawful cohabitation with a total of fifty-five women were sentenced today to indeterminate sentences in the state prison.

The sentencing of one of the men, Joseph White Musser, 75, was interrupted by a woman who shouted: "If you pass sentence on that man I call down the vengeance of Almighty God upon you."

The judge asked the gray-haired woman why she interrupted.

She replied: "Mister, I've lived in his home. He's so kind and I know he's innocent."

The judge sentenced the woman, who identified herself as Betsy Lee, listed as one of Musser's five wives, to a day in jail for contempt.

The men are members of the Fundamentalist Cult which advocates plural marriage and are among forty-six men and women arrested March 27 in a federal-state drive.

### Eden Advocates Allied Police Force in New Postwar Program

By RICHARD KASISCHKE  
LONDON, May 25 (AP)—A five-point blueprint for a postwar world organization, built around the big four—the United States, Russia, the British commonwealth and China—and pooling military power in a police force to keep the peace, was presented to Commons today by Foreign Secretary Anthony Eden.

Eden said conversations with the other powers already was underway and would progress even in the heat of climatic battles. He disclaimed—as Prime Minister Churchill did yesterday—any intention to "impose on others in detail our ideas," but offered these as Britain's principles:

First—The world organization must be designed to prevent a recurrence of aggression by Germany and Japan and must be fully equipped with force to meet this purpose.

Second—To insure this, there must be close political and military collaboration between the United States, the Soviet Union, the British commonwealth and China.

Third—Responsibility in any future world organization must be related to power. Consequently, the world organization should be constructed on and around the four great powers mentioned, but all other peace-loving states should come and play their part in the struggle.

Fourth—The world organization should be flexible and not rigid, that is, it should grow by practice and not by straightaway to work by a fixed code.

Fifth—All powers great and small, included in the world organization should strive for economic as well as political collaboration.

### U. S. Sixth Army Units Fight Way To Maffin Bay

### Overcome Stiff Jap Resistance

ADVANCED ALLIED HEADQUARTERS, NEW GUINEA, Friday, May 26 (AP)—United States Sixth Army units have battled their way through stiff Japanese resistance to reach the Maffin bay airfield on Dutch New Guinea, 120 miles northwest of Hollandia, it was announced today by headquarters.

Today's report covered an advance scored Wednesday west of the Tor river with the support of Kittyhawk planes, tanks and artillery.

The destruction of eleven parked enemy planes at Noemfoor island north of Geelvink bay also was announced.

Latest available figures compiled on Japanese casualties at Hollandia and Aitape, two points invaded April 22 prior to the May 17 landing near Maffin Bay, totaled 3,222.

Latest additions to the total were 151 dead and twenty-nine prisoners. The unprecedent prisoner total is approached 400.

No interception was encountered Wednesday by the escorted Boston which attacked Noemfoor, one of a nest of enemy airdromes around Geelvink bay. Four other grounded planes were damaged. Headquarters reported that eight parked planes were destroyed and eight damaged in a previous raid Sunday.

To get to the edge of the incomplete Maffin airfield on Dutch New Guinea, the Yanks had to overcome strong opposition by Japanese small arms, automatic weapons and mortars.

The Americans encountered their toughest fight while crossing the Tisnoa river on the east side of the field. Along a trail, the Japanese held up the advance with a concentrated fire of small arms and lobbed shells from 75 mm. artillery at the medium tanks of the attackers.

Then American artillery opened up and the Yanks pushed ahead. The artillery also destroyed an enemy bridge across the Wassek river west of the airfield.

A headquarters spokesman said that sixty-one Americans have been killed, 182 wounded and three are missing in the Wakde-Sarmi operation which already has yielded a good airfield, now in use, on Wakde island and promises early seizure of the Maffin and Sawar airfields near Sarmi.

In contrast, 871 Japanese have been killed and five captured.

**Aids Morale of Men**

The innovation, which officials said has had a marked effect on the morale of the fighting men, was adopted only recently after the unit strength of the army was completed.

Stimson, at a news conference, called attention to the plan's success in the Italian drive as "a demonstration of the importance of the efforts to obtain for our army young and vigorous replacements which the War Department has emphasized so strongly during recent months."

**Discusses Anzio Outcome**

Discussing the junction of American patrols from the Anzio beachhead with south front troops, Stimson said:

"We can now begin to see the extent and scope of our operations in Italy and the first fruits of our progress."

The American elements, he noted, have advanced more than sixty miles in thirteen days.

As a result of the replacement system, he said, "they are able to push forward with a continuing freshness and vigor which they might not otherwise have had."

### Somervell Scores Night Club Group

### Says Entertainers Can All Get Jobs

CHICAGO, May 25 (AP)—Lieut. Gen. Brehon Somervell tonight advocated putting to work in war industries the night club entertainers out of jobs because of retrenchments following the thirty per cent federal excise tax on such entertainment.

General Somervell, commanding general of the army service forces, made the suggestion in a prepared speech before an audience of 1,000 at the Chicago executive conference, sponsored by the National Association of Manufacturers and the Illinois Manufacturers' Association.

"There's been a lot of moaning recently over the fact that some 15,000 night club entertainers have been thrown out of employment by operation of a new tax law," General Somervell observed.

"Well, there are plenty of jobs for them in your plants, or on the railroads and steamships that are carrying the guns and ammunition to our fighting men."

"Let's put these men to work at something useful! Our men are dying in Burma and in the jungles of the Southwest Pacific. They're dying in Italy and in the air over Germany. There's too much sorrow among the families of our fighting men to waste tears on a master of ceremonies out of a soft job!"

"Let's put first things first. Let's get our fighting men home."

Somervell declared there has been too much postwar planning and not enough war planning.

LONDON, Friday, May 26 (AP)—The Moscow radio today called the Allied victories in Italy a "brilliant operation."

"Allied troops are full of courage and daring," said an official commentator on international affairs.

### British Stay at Home:

### Thousands Cancel Weekend Travel Plans On Warning from Government

LONDON, May 25 (AP)—Thousands of British families have cancelled plans for the traditional Whitsun holiday weekend travel under the stern warning that train service is subject to stoppage without notice as the hour for the invasion of Hitler's Europe nears.

Germans tried to probe the secrets of the gathering Allied storm, by E-boat patrol dashes across the channel today, and by spy-plane coastal raids.

A Tass dispatch from Moscow said it was rumored in Berlin that Heinrich Himmler, German Gestapo chief had left suddenly for France.

Virtually the entire Nazi hierarchy, with the exception of Hitler himself, have been reported in France during the last month.

Meanwhile other German propaganda sought to ease the shocks of continued Nazi retreats in Italy by proclaiming the imminence of invasion from the west, against which all available Nazi forces were being braced.

Hitler's own newspaper, the Volkischer Beobachter, said:

"The battles is very hard and it is a prelude to the severe large-scale battles which are impending this summer."

It boasts of the magnitude of invasion defenses, German dispatches printed in Stockholm newspapers told of the flooding of vast areas in the Pas-De-Calais department of France, closest to England.

### Stimson Praises New Army Policy

### Replacement Plan Popular with Vets

WASHINGTON, May 25 (AP)—The sustained power which has kept American troops rolling in the Italian offensive was attributed by Secretary of War Stimson today to the new army policy of immediate combat replacements.

Under the new system, fresh troops are kept in readiness immediately behind the fighting line, and casualties in front line units are replaced at once.

**Aids Morale of Men**

The innovation, which officials said has had a marked effect on the morale of the fighting men, was adopted only recently after the unit strength of the army was completed.

### Anzio and Fifth Armies United For New Assault

### Warplanes Pound Retreating Nazis

By EDWARD KENNEDY  
ALLIED HEADQUARTERS, Naples, May 25 (AP)—Americans of two Anzio beachhead forces joined with Americans of the main Fifth army front in a dramatic, long-awaited meeting in the Pontine marshes below Rome today after fourteen days of a whirlwind offensive that had cracked the back of the German defenses in Italy.

Tonight the united Fifth army forces closed in along a sixty-mile flank of the hard-pressed German armies, which had relinquished the entire westcoastal area of Italy southward from the Molella river, only a score of miles below Rome.

**German Losses Heavy**

Allied warplanes were pounding the retreating Germans ceaselessly, taking a terrific toll of men and material.

The battle of the beachhead, which had raged intermittently for four months, and the battle of the Hitler line, which required only a few days, were finished, and the final, decisive battle for Rome and the extermination of the Germans in Italy appeared to be already beginning.

Official reports indicated that the enemy was massing in several places for new counterattacks to break the force of Lt. Gen. Mark W. Clark's thrust toward the Italian capital.

As the Nazis reeled back upon their "last ditch" defense line before the Eternal City, they were relentlessly hammered by Allied infantry and armor and harassed by clouds of Allied warplanes.

**Nazi Reserves Attacked**

From north of Rome long columns of enemy reinforcements were seen rushing toward the unequal battle, last-minute expedient of Field Marshal Albert Kesselring as he sought to avert a rout. Allied fighter planes and bombers were sweeping low and taking a terrific toll of these reserves. In two days more than 1,000 German vehicles had been destroyed or damaged from the air.

(A Swedish correspondent quoted a German military spokesman in Berlin as declaring that "Rome will be defended." The German high command daily communicate said Kesselring was withdrawing to a new line "northeast of the Apennine Way.")

The four-month epic of the Anzio beachhead ended officially at 7:31 a. m. today, when Capt. Ben Souza of Honolulu, a member of the beachhead forces, halted his patrol of twenty men at a point a few miles below Littoria on the coastal road. Approaching him he saw Lt. Francis X. Buckley of Philadelphia and Pvt. Lupe Sabala of Salinas, Calif.

"Where are you going?" demanded Souza.

"To make contact with the beachhead," replied Buckley.

"You've already made contact," grinned Souza.

**Walsh Names Wolf To Succeed Meade**

BALTIMORE, May 25 (AP)—Attorney General William C. Walsh announced today the appointment of F. Van Velsor Wolf to succeed Hugh Allen Meade as special assistant attorney general to the state comptroller.

Wolf, a member of the law firm of Marbury, Gossnell and Williams, is a former president of the Junior Bar Association of Baltimore city and recently resigned as chairman of the Baltimore USO Council. He is a graduate of Yale university and of Harvard Law School.

Meade resigned a month ago to accept a commission in the navy.

### Gates Reveals Carrier Growth

### Reports 65 Now In Active Use

WASHINGTON, May 25 (AP)—Artemus L. Gates, assistant secretary of the navy for air, disclosed tonight that sixty-five aircraft carriers are in active service with the fleet.

He gave the figure in an address prepared for the "March of Time" program, and to picture the magnitude of the carrier fleet, he said their combined flight deck area is equal to that of 120 football fields, or to any airstrip seven miles long.

**37,700 Navy Planes**

Gates also disclosed that navy aircraft of all types "will soon total some 37,700" and declared 1,000 plane raids against the Japanese by carrier-based planes are "only the beginning."

He spoke on a program commemorating the twenty-fifth anniversary of the first transatlantic flight made by the NC-4 in 1919. Others on the program included high ranking naval officers who as young men participated in the first attempt to span the ocean by air.

**Other Pioneers Speak**

Among them was Vice Admiral Patrick N. L. Bellinger, now commander of air forces with the Atlantic fleet, who, speaking from the Mediterranean, recalled that a year ago one U-boat was destroyed for each American cargo ship lost. "Now," he said, "our score is even better. The Germans are losing more than one U-boat for each cargo ship we lose. The average combat life of a U-boat is less than the amount of time it took to build it."

**Real Texas Democrats Chased Out New Dealers, Says Senator O'Daniel**

WASHINGTON, May 25 (AP)—Senator O'Daniel (D-Tex.), fourth term opponent, said today:

"About a year ago we opened a second front in Texas. We closed in and established a beachhead at Austin. The real Democrats didn't ask the army to come in and oust the New Dealers. They just chased them out."

**Gen. Knudsen Honored**

WASHINGTON, May 25 (AP)—Lt. Gen. Bill Knudsen, the army's number one production trouble shooter, received the distinguished service medal today for "brilliant accomplishments" in that vital phase of the war effort.

### Pacific Fleet Carrier Task Force Hammers Wake and Marcus Islands

By LEE ERICKSON  
UNITED STATES PACIFIC FLEET HEADQUARTERS, PEARL HARBOR, May 25 (AP)—A Pacific fleet carrier task force pounded Marcus island with 148 tons of bombs Friday and Saturday and then hammered Wake island Tuesday, blasting that already battered and isolated Japanese Central Pacific outpost with 150 explosive tons. Adm. C. W. Nimitz announced today.

A surprising weakness in the defending planes over Marcus was reported. Marcus, an enemy airbase is 1,137 miles southeast of Tokyo.

Marcus was last attacked Aug. 31, 1943 also by an American task force. Only two enemy aircraft were seen in the area" during the two-day assault by the task force commanded by Rear Adm. Alfred E. Montgomery. Admiral Nimitz said.

In the first attack on Wake which has been raided seventeen times since the first of the year by land-based heavy bombers of the Seventh army air force and fleet air wing two, twenty buildings were destroyed.

A small cargo ship was set afire north of Marcus airbase installations at will. They made 373 separate sorties in an assault intended to neutralize one more of the Japanese Central Pacific staging bases and reconnaissance posts.

Ammunition and supply dumps were destroyed and buildings and installations damaged.

## Promotion Denied Lt. Gen. Patton

### Soldier-Slapping Incident Revived

WASHINGTON, May 25 (P) — In an echo of the soldier-slapping incident which stirred a sharp controversy six months ago, the Senate Military Affairs committee has blocked "indefinitely" the promotion of Lt. Gen. George S. Patton, Jr.,

to the permanent rank of major general.

The committee recommended Senate confirmation of promotions for thirteen other high-ranking officers, but pigeon-holed Patton's advancement despite a subcommittee report favoring the promotion.

Committee members said that, in addition to opposition growing out of Patton's cuffing of an enlisted soldier in a Sicilian hospital last year, some senators were critical of the recent London speech in which Patton said it was the destiny of the United States, Great Britain and Russia to "rule the world."

Formerly in command of the American Seventh army in the North African and Italian cam-

paigns, Patton now is in London presumably to command invasion troops.

One committee member, declining to be quoted by name, predicted the Patton nomination would stay on the Military committee shelf unless he makes a brilliant record in the invasion.

Four of the thirteen officers were approved for promotion to the rank of major general; Lt. Gen. Joseph W. Stilwell, commanding American

and Chinese troops in China; Lt. Gen. Jonathan W. Wainwright, who became a Japanese prisoner with the fall of Corregidor; Lt. Gen. Brehon B. Somervell, chief of the army service forces and Lt. Gen. Joseph T. McNarney, deputy chief of staff.

Stilwell and Wainwright are brigadier generals in the regular army, and Somervell and McNarney are colonels. Their rank as lieutenant generals is temporary.

## Certain-Teed Products Elects New Directors

BALTIMORE, May 25 (P) — An entire new board of directors of the Certain-Teed Products Corporation was elected at the annual stockholders' meeting.

An insurgent faction of stockholders which had charged the old management with paying excessive

salaries to its officers elected a full ticket of nine directors.

Each of the nine received 300,248 votes to 250,144 for each of the nine incumbents, including Bror Dahlberg of Chicago, chairman of the board, and President H. W. Dewd of Chicago.

Russia mobilized a total of 12 million men during World War I.

Argentina is 2,300 miles long.

## More Men's Shirts

WASHINGTON, May 25 (P) — Men's shorts and shirts and men's house dresses likely will be next in WPB's program for low cost civilian clothes, WPB spokesman said today.

## Republican Convention A Harbinger of Victory

LEST any Republican in Western Maryland, or others equally concerned, be misled by partial and garbled reports given in some newspapers of the Republican state convention held this week in Baltimore, it may be stated here that the Associated Press characterization of it was correct. That dependable news agency said it was "an unexpectedly harmonious session," and that was correct. It was.

If expectations were otherwise they were due to the habitual agility and eagerness of Democratic observers, including the Baltimore *Sunpapers*, to jump at the conclusion that the convention was to be a scene of tumultuous bickering, bedlamite disorder and rancorous strife which would send the Republican party of Maryland reeling into hopeless division. Even when these expectations failed to materialize in accord with the wishes that were father to the thoughts, some reports of the convention proceedings were handled with marked Democratic selectivity. That is to say, everything that could be magnified into disruption was played up and the successful overtures that made for complete harmony were carefully omitted.

Yes, there was a bit of dissension and it was expected, this being the result of the ambitions of Paul Robertson, Baltimore leader, losing aspirant for the Republican nomination for United States senator, to become national committeeman. Paul, however, lost out with scarcely a showing of support outside of his own bailiwick. It is true that some of his lieutenants on the floor of the convention engaged in some amateurish antics, but these won just appreciation when their efforts were howled down in derision by an enthusiastic convention bent on harmony even if it were necessary to fight for it.

One of the items carefully excluded from reports of the convention twisted with Democratic flavor was the significant fact that Mr. Robertson coupled a strong plea with an equally strong pledge for party unity when asking that the ratification of Blanchard Randall, Jr., as Republican senatorial nominee be made, unanimous. Those who were licking their chops with expectations of factional strife and party disruption had their hopes dashed when Robertson, noting that he had always been a Republican, had supported McKeldin for the governorship and the mayoralty, was yet a Republican and expected to continue as such, pledged his untiring efforts toward the success of the ticket in this election.

A dramatic highlight of the convention which failed to gain notice in Democratically-tinted reports thereof, and which deserves notation, was a brief talk made by Mrs. Blanch Kaiss, an attractive young mother of Baltimore, whose gentle words brought the convention delegates to their feet in spontaneous acclaim.

"I may be out of order," Mrs. Kaiss said, venturing to the platform, "but it seems to me that what is needed at this moment by this convention is a mother. I happen to be one. You know, when your little boy is sometimes bad, he needs a spanking. What would you do? But, there is something else needed. Something in the nature of a mother's prayer, rather than continued spanking of the youngster: 'Oh God, please make me a winner; and make me a good winner, if possible; but, if I cannot be a winner, please God, make me a good loser.'"

Those who experienced defeat, not only with regard to the selection of national convention delegates but also with respect to the foolish attempt to move Galen S. Tait out as state chairman, in which he has scored so brilliantly and successfully, felt the urge of that young mother's prayer, and it was reflected in the remarks of Mr. Robertson. There were generosity and tolerance on the part of the victors, too, in offering to give recognition to the Third Baltimore district recalcitrants with equal representation at the national convention through an equally split delegation, a move made in the interests of peace and harmony. Doubling of the delegates-at-large with equal split votes was also a like move in recognition of geographical claims.

Let it be recorded, also, that former Chief Judge D. Lindley Sloan, of Cumberland, conducted the convention as its permanent chairman not only forcefully but with meticulous regard to the rights of the opposition to be heard in every instance. Every one had his or her chance. Those who lost had no cause for objections on that score. He properly ruled out the effort to make a resolution of a past convention bind the current convention, which, of course, was illegal, and an appeal from

his decision brought forth overwhelming support from the delegates.

The Western Maryland section fared well with regard to national convention delegates and representation on the electoral ticket, thanks to the alert leadership of Paul M. Fletcher, Allegany county party chairman, who was made chairman of the Credentials committee, and Representative J. Glenn Beall. The latter's efforts brought this about as well as the resolutions advising support of Governor Dewey for the presidency and of Representative Everett M. Dirksen, of Illinois, the keynoter, for the vice presidency. That the Dirksen support was more than a complimentary gesture can be seen from the reports that Governor Warren, of California, will not let his name be considered for the national ticket, and the reports that Governor Bricker, of Ohio, will not have the vice presidential nomination.

Resulting from these efforts, Western Maryland obtained two delegates to the national convention, Roger C. Hershey, of Hagerstown, and Harry M. LeGore, of Frederick; two delegates-at-large, Morgan C. Harris, of Allegany, and Galen S. Tait, of Montgomery; three alternates, Paul M. Fletcher, of Allegany; Lawrence Fraley, of Garrett, and DeWitt W. Zook, of Montgomery; and a presidential elector, Francis Hill, of Montgomery.

All in all, the Republican state convention was a bang-up success, despite the little ruction encountered. The overwhelming disapprobation of that and the general spirit for harmony which prevailed give comforting reassurance to the party members of this end of the state that the G. O. P. will move in solid phalanx into the battle of the ballots this year with surprising force and results. To all those who had their hopes for a torn and bleeding party dashed to the ground in such unmistakable manner, condolences are quite in order. There is victory in the air for Republicans and the Republican state convention amply demonstrated the fact.

## Why Everybody Should Learn To Swim Well

THE RED CROSS points out that the swimming mortality is entirely too high in this country. A large percentage of the deaths from drowning in the United States occur among young men and boys on pleasure bent—swimming or boating, or just playing around the water.

The number of 'drownings' usually reaches a maximum—about 1,400 deaths—in the month of July, when the swimming season is at a peak. The toll is also heavy during May, June and August, with approximately 1,000 drownings each month. Accidents with small boats and while fishing figure prominently in the late spring and early summer drownings.

Youngsters anxious to start the water sports season and playing near or in unsupervised bodies of water add to the number of victims in the early part of the season. As the summer waxes, swimming and bathing accidents swell the numbers.

Many drownings could be avoided if every one learned to swim well and to handle himself properly in boats and around the water. The means to effect a considerable saving of life are at hand. Instruction in swimming and regarding suitable deportment in case of an emergency in the water is available in most communities.

After looking over a prewar map of the world, Zadok Dumpopf says it seems to him that the only thing that hasn't changed is the contour of the oceans.

Today's most popular dream: "After the war everything will be double in value, cost half as much and last twice as long."

In the day when everyone has his own helicopter: "Scrub the roof, quick—company's coming."

Being in the red is a happy state if the discussion is about ration tokens.

## The Boy from the City

By MARSHALL MASLIN

In our town a boy always spoke of his father as "My Old Man."

We meant no disrespect by that; it was the recognized phrase for your dad. He was your "Old Man" and that was the end of it. Of course you didn't call him your old man to his face. You called him "Dad" or "Pa." I'm almost sure that none of the kids in our part of town ever called their fathers "Father." Only a sissy would have done that and even if you were sissy enough to call the old man "Father" the other kids would have teased it out of you in no time.

Some of the fellows spoke of their mothers as "The Old Lady" or "The Old Woman" but that wasn't supposed to be quite right. . . . If you called her that you were a bit tough. You were the kind of kid that was likely to get into trouble just to prove how tough you were. Maybe you chewed tobacco instead of black licorice and had a real pipe instead of one made of bamboo. . . . And besides, mothers were "hurt" if they heard their sons call them "The Old Lady" while most of the men didn't mind at all being called "The Old Man." I think they liked it.

There was one kid, however, who always spoke of his Old Man as MY FATHER. His father was a railroad man. His son never wore overalls like the rest of us. He'd been all around and he could tell tall stories. . . . and once he "borrowed" a gasoline car from the roundhouse and we whooped up and down the tracks until we were caught and told to put it back where it belonged.

So he had the makings of being a very good kid, except that he never called his father "The Old Man." . . . You see, he finally admitted to us that his dad had told him if he ever caught him calling his father the Old Man, he'd give him a darned good strapping. . . . Well, nobody exactly craves a licking with a strap but it did seem to us that any regular kid would go right ahead and call his old man the Old Man and trust to luck it never got to the Old Man's ears.

But this kid didn't dare. So somehow we never did quite take him in. . . . Besides he was different. He'd come from the city.

## Tire Shortage Is To Run Some Time, Babson Declares

By ROGER W. BABSON

BABSON PARK, Mass., May 25—From a civilian point of view the tire situation is currently more critical than the gasoline supply. The production of synthetic rubber will about equal, by the end of this year, our inventory of natural crude rubber, namely about 600,000 tons,

Roger W. Babson

which was on hand at the end of 1941. Meanwhile all natural rubber and most of the synthetic must go for military purposes. The over-all rubber supply is now particularly acute.

I do, however, believe that the end of our rubber shortage is in sight. But I do not think that tires for civilians are just around the corner.

### Natural Rubber Data

With all pre-Pearl Harbor sources of natural rubber shut off, our major supply now comes from the island of Ceylon. In addition, some is coming out of the revived Amazon river valley district. We also are picking up a little Mexican Guayule and perhaps a small amount of natural rubber from Brazil and from Africa. However, with the exception of Ceylon, the great Middle East sources are naturally out until we lick Japan.

Our consumption of natural rubber, and remember that it is all for the military, is estimated at 150,000 tons for 1944. This compares with an all purpose use of natural in 1943 amounting to 340,000 tons and in 1942 to 370,000 tons. Our stock pile at the beginning of the year was about 140,000 tons with receipts estimated at 80,000 tons. We will cut our inventory in half by the end of 1944.

### What About Synthetic?

The production of synthetic rubber was slow in getting under way but increased in 1943 from a January production of 600 tons to a December production of 39,000 tons. The entire year's work produced under 185,000 tons or about one-half our total 1942 consumption. Synthetic production capacity has expanded rapidly during 1944 and for March, 1944, reached an annual output rate of 670,000 tons. As plants are exceeding their rated capacity, output should progressively rise. I estimate for the full year that about 870,000 tons will be made.

### Who Will Get Our Rubber?

Our 1944 American rubber consumption should look something like this:

Natural Crude .....	150,000
Reclaimed .....	250,000
Synthetic .....	700,000
Tons .....	1,100,000

The difference between our synthetic production of say 870,000 tons and of the 700,000 tons which we use, or about 170,000 tons, will be lend-leased or stocked for our future use. All natural reclaimed will be used or set aside for war purposes. Out of the above synthetic supply about 18,000,000 tires will be made this year for civilians against an estimated need of over 30,000,000.

### Postwar Outlook

Natural rubber, and perhaps total rubber supplies, will be short for from two to five years after the war. It will take some time to clear up the Far East plantations after the Japs are driven out. Not much more than 250,000 tons a year for the first two or three years can be expected from pre-war sources. The United States alone will require 1,000,000 tons of rubber annually which may be close to fifty per cent of the needs of the entire world. Estimating our production of synthetic at 1,000,000 tons it looks as though our synthetic plants might have 100 per cent capacity operation ahead of them for a few years after the war is over; but after 1950 look out!

### Tire Company Securities

Tire company stocks, while selling at about their best prices since the war, may not be too high; but I do not know. Earnings for 1944

## MAY BE KEYNOTER

REPORTS from political circles indicate that Gov. Robert K. Kerr, of Oklahoma, may be the keynote speaker at the Democratic national convention, to be held in Chicago on July 19. He is one of the nation's first political leaders to advocate a fourth term in office for President Roosevelt.

## Peace Plan Move by Roosevelt To Beat Election Is Viewed As Involving Dangers

By PAUL MALLON

WASHINGTON, May 25—What purported to be Mr. Roosevelt's world peace plan, and the timetable, for developing it, appeared recently in a leading weekly magazine under the title "What Really Happened at Teheran."

The writer, Forrest Davis, was not at Teheran.

He has the reputation of a ghost-writer in reverse, what might be called a front-writer. In this instance, he quoted the most intimate exchanges of conversation between Roosevelt, Churchill and Stalin and said his source

was "the highest authorities."

Inasmuch as no one from here was present except Mr. Roosevelt and Harry Hopkins, and Hopkins has been too ill to see anyone since then, the information could hardly have been accepted by such a reputable writer or such a reputable magazine unless it came from the highest authority of all—Mr. Roosevelt himself.

Indeed, a credible story is in circulation that the magazine noted pencil corrections on the manuscript in the president's own handwriting.

At any measure, no one else got the news of Mr. Davis's article, which was, in brief:

### First Steps This Summer

First major military steps in Europe will be instituted "this summer, perhaps in July," or a military situation in Europe "will have been established by July," so that Mr. Roosevelt can thereafter call "a general assembly of the United Nations to agree on the broad outline of the world society."

The Roosevelt outline, Mr. Davis sets forth as the general assembly to be an unofficial international legislature with delegates from all United Nations to meet only occasionally and at different places around the world; a small executive committee to do the real job of directing United Nations postwar action; no international police force; maintenance of the national integrity of all the countries; plebiscites to be held in questionable countries under international auspices with the international organization to count the votes; a new system of international mandates, maintenance of naval and airbases in such mandated territories for mutual United Nations' use without acquisition of the territories.

The technique of such a presentation of official viewpoint in an unofficial way allows Mr. Roosevelt to deny any or all of the points and thus rob it of its official character.

### Ominous Political Forebodings

But the formula generally follows the peace outline suggested in this column after State Secretary Hull's speech a few weeks ago. The timetable likewise fits general expectations, although these have not been printed before to my knowledge. It especially carries ominous political forebodings.

The Republican convention is to meet in Chicago July 26. Generally, the administration has taken the edge off such gatherings by breaking news as big as it could.

Last time, the surprising appointments of Stimson and Knox to the cabinet were announced on the eve of the Philadelphia gathering.

## Dictatorship Has No Legal Standing, Lawrence Says

By DAVID LAWRENCE

WASHINGTON, May 25—Attorney-General Biddle's conception of his duties as attorney general is, namely to advise the president and let the courts or Congress correct his actions—is rather novel.

Hitherto, the attorney general, chief legal adviser of the president, has endeavored to construe the law on the basis of precedents. He has tried to tell what the law is, and not what he would like it to be or what it should be.

Under the present administration, however, which believes in a government of men rather than of laws, the attorney general becomes a political tool of the president. He renders so-called legal opinions, which are merely the policy justifications for administrative decrees.

The department of Justice, therefore, may no longer be looked upon as the agency that attempts to construe the law as between the citizen and his government. This is most unfortunate, since for many years the conception has prevailed in American history that while the department of Justice would prosecute law offenders, it would not endeavor to stretch the law to enable the administration to carry out its political programs.

### Significant Episode

There is a significant episode in which an assistant attorney general figured in the last few years. A certain opinion was requested by the White House, and it was rendered by the assistant attorney general in question. The word came back to him from an associate to the effect: "That may be a good legal opinion, but that is not what the president wants."

When Mr. Biddle testified before the House committee investigating the seizure of the Montgomery Ward property, he said that he did not trust the United States marshals to preserve order and carry out the terms of the seizure order, and hence he called in the army. This is a rather strange state of affairs, because the United States marshals are appointive officers under the federal government. Whenever the United States marshals are not able to execute a law, a request is usually made to the secretary of war, but in this instance apparently the attorney general ordered the troops on the spot. There is no record either that the United States marshals in the Ward case have been removed because of their alleged incapacity.

### New Situation Seen

If the attorney general can, on his own initiative, decide that the United States marshals in any district of this country are not qualified to execute the civil laws, and if he call in the army at any time simply because he himself does not feel confidence in the marshals, then an entirely new situation has been uncovered which is wholly inconsistent with customary practice in the operation of civil law.

Too many people, including the attorney general, apparently believe that the president, as commander-in-chief of the army and navy, is in reality a dictator. While the constitution vests the power over the army and navy in the president, it does not vest in him any right over the civilian economy which is not delegated by Congress. All law giving what are known as "war powers" are specific in nature and delegate to the president what he may or may not do under those "war powers." There is no basis for the theory so often advanced by people unfamiliar with constitutional practice, that during time of war the president is supreme because he happens to hold the title of "commander-in-chief of the army and navy."

There is, of course, no such thing in the constitution as "commander-in-chief of the army and navy in wartime." The title is "commander-in-chief of the army and navy," and it applies to peacetime as well as wartime. The only war power which the commander-in-chief acquires during wartime are those which are delegated to him by Congress in connection with the actual conduct of the war. This is written out in the law books of constitutional practice.

### No Such Office

Much will be heard about the "commander-in-chief" during the coming campaign. Already there are many people who insist that the "stand by" Mr. Roosevelt because he is "commander-in-chief of the army and navy." There is no such political office as "commander-in-chief." If Mr. Roosevelt is nominated for a fourth term, he will run for a civilian office and not a military office, and he will not acquire the powers of commander-in-chief again unless he is elected to the presidency next time.

America could operate as a military dictatorship if the people wished it, but they must say so through their Congress. The exercise of dictatorial powers on any other basis is a usurpation of power.

The statement that the department of Justice takes a chance on the law and waits on the courts is an amazing one and merely serves to emphasize the fact that public officials may violate the law with impunity whereas a citizen who violates the law must pay the penalty prescribed by the law itself.

I live on hope, and that I think do all who come into this world.—ROBERT BRIDGES.

## Brewster Plant May Make Plane Parts

WASHINGTON, May 25 (AP)—War  
Production Board sources said here  
the Brewster Aeronautical Corpora-  
tion plant at Long Island city, New  
York, probably will remain in the  
munitions program, making airplane  
parts on a sub-contract basis for

other Long Island plane manufac-  
turers.  
Brewster's plant at Johnsville,  
Penn., it was stated, probably will  
be converted to "another war con-  
tract," nature unspecified.  
Officials said however, that they  
did not expect a final decision until  
perhaps late next week. The navy on  
Monday cancelled Brewster's con-  
tract for Corsair fighter planes, with  
production to halt July 1.

Richard Frankenstein, vice presi-

dent of the CIO United Automobile  
Workers, and Vincent De Lorenzo,  
Brewster local union leader, were in  
Washington seeking new contracts  
to avert layoffs.  
Frankenstein told reporters that  
the navy action showed "a lack of  
foresight, planning, and a disregard  
of labor's rights."

Frankenstein said munitions work  
certainly could be obtained, but that  
it would take time to get into pro-  
duction on something new.

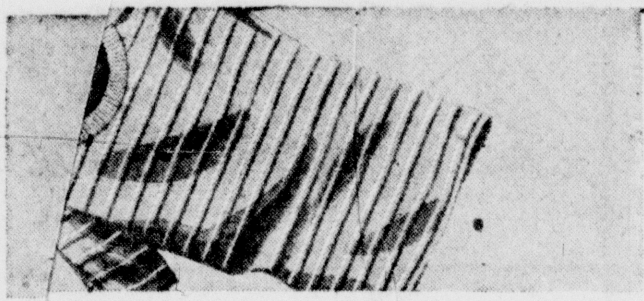

## Don't Neglect Slipping

### FALSE TEETH

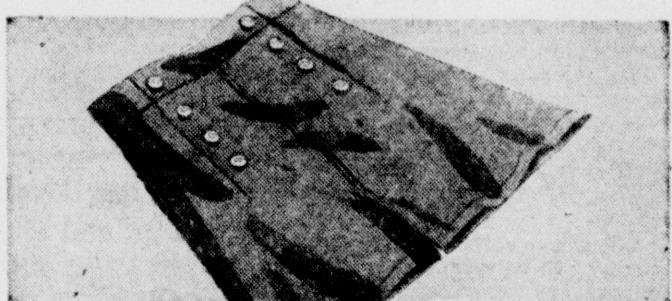

Do false teeth drop, slip or wobble when  
you talk, eat, laugh or sneeze? Don't be  
amused and embarrassed by such handi-  
caps. FASTEREETH, an alkaline (non-acid)  
powder to sprinkle on your plates, keeps  
false teeth more firmly set. Gives confident  
feeling of security and added comfort. No

# Kirke L. Simpson Says: Retreat of Germans May Be Part Of General Plan To Defend Rome

By KIRKE L. SIMPSON  
Associated Press War Analyst

The foreshadowed Nazi retreat in Italy to escape yawning Allied traps is in full swing by Berlin's admission although the exact line upon which the German commanders hope to halt is not yet indicated.

Unopposed junction across the Pontine plains by American elements of the Fifth army, linking the Anzio beachhead and the Southern front, followed a German night flight from the whole coastal area. Canadian occupation of Pontecorvo near the head of the lower Liri valley and unofficial Nazi reports that Aquino and Piedmonte, inshore anchors of the collapsed Hitler line above Cassino, also have been evacuated tend to confirm the impression that the whole German front is being pulled back.

**Plan To Defend Rome**

There is yet no intimation that the foe intends to abandon Rome. On the contrary, Allied air scouts have reported heavy Nazi reinforcements filling the roads north of Rome and moving southward. Seven of the reputed twenty-five divisions in Italy have been reported held in reserve to the north and deployed to curb Italian anti-Nazi operations in aid of the advancing Allied armies.

German accounts indicate that the retreat from the Pontine plain was ordered to set up a temporary covering front along the lower side of the Sacco valley route to Rome from the south. Canadians and French on the right flank of the Fifth army are knocking at the southern entrance to that valley.

**Germans Shorten Front**

If the Nazi grip on Oquino and Piedmonte on the southern slopes of Mount Cairo, 6,000 foot peak north and slightly west of Cassino, has also been relaxed it indicates a line-shortening German readjustment of the entire trans-peninsular front is in progress. Mount Cairo dominates the lower Liri valley from the north. Its loss would mean Nazi retirement to the massive ridges of the Apennines east of Rome to cover both the upper Liri valley and flank the Cacco route to Rome with a minimum troop deployment while main forces were concentrated in the flat lands of the Rome region itself for the final battle for the city.

**New Line Vulnerable**

The coastal hills east of the Pontine plain, from the Albans just below Rome through the Lepini mountains to the lower end of the Sacco valley offer good opportunity for a Nazi stand to cover some such shortening readjustment of front as seems in progress.

The Alban-Lepini line, however,

is dangerously vulnerable. The Cisterna saddle gap between the two hill masses, is a weak point, at which Fifth army troops are battering. A break-through into the upper end of the Sacco valley could disrupt enemy general withdrawal plans completely. There seems little doubt that the German command is striving desperately to bolster that gap and also strengthen the defensive line between the Alban hills and the seacoast at which British elements of the Fifth army are hammering.

The decisive battle for Rome appears likely to develop, therefore, on the northern and eastern sectors of the Nnzio beachhead position now linked with main Allied forces in the south. Quick repair of the Ap-plan Way and other communication lines crossing the Pontine plain, supplemented by sea lanes, should give general Alexander opportunity to mass powerful forces there promptly.

## Ship Transfers Made Secretly Information Held Valuable to Foe

WASHINGTON, May 25 (AP)—Reports that the United States has transferred the cruiser Milwaukee and possibly other fighting ships to Russia brought these developments:

1. Presidential Secretary Stephen Early complained that "certain" unnamed persons were making public, through members of Congress, public information which would otherwise be unpublshable under the censorship code.

**Bridges Asks Facts**

2. Senator Bridges (R-NH) replied that no question of military safety was involved and suggested the administration "show a greater frankness in dealing with Congress and the public."

Bridges told the Senate yesterday

he had received reports that "one or more units of the American navy" have been turned over to Russia. He asserted the people were entitled to know whether such transfers had been made as "a part of our patchwork policy of appeasing Russia." Rep. Hoffman (R-Mich) said in the House he understood the cruiser Milwaukee and other ships had been or would be transferred.

**Early's Opinion**

Asked today if he had any reaction to the Bridges' speech, Early said "that is one way certain people seem to have of getting information out that is very probably of military value that some other nations would like to have, but can't get it from the executive branch of the government."

"It's a development of the statement the president gave you some time ago in any event."

This referred to the president's news conference disclosure that consideration was being given to turning over to Russia one-third of the surrendered Italian fleet or its equivalent in Allied tonnage.

Navy Secretary Forrestal, asked about the reports of ship transfers, said at a press conference: "Military security prevents any information being given now."

## Smith Funeral Services Held

By MYRTLE K. PARK  
PETERSBURG, W. Va., May 25—Funeral services were held today for Mrs. Anna Welton Smith, 64, who died at her home here Tuesday morning, with the Rev. G. O. Yount, pastor of the Presbyterian church, officiating at her home.

Active pallbearers were: W. R. Ervin, Irvin G. Bowman and Ralph P. Welton, Petersburg; M. S. Judy, Clarksburg; Aaron Welton and Harry Welton, Moorefield.

Burial was in the Maplehill cemetery. She is survived by one daughter, Mrs. Dorothy Smith and her husband, Harry Smith, Petersburg.

children, Valley Bend and the following brothers and sisters: Mrs. Florence Parrack, Petersburg; Mrs. Tippi Quick, Mill Creek; Mrs. Mattie Parrack, Norfolk, Va., and C. E. Wamsley, Elkins.

Funeral services will be held tomorrow at Valley Bend and burial will be in the Odd Fellows cemetery, Elkins.

Mr. and Mrs. W. T. Parrack, My and Mrs. Max Borrer and daughter, Petersburg, will attend the funeral.

## Several Social Security Jobs Are Available

A request for men and women of this area to accept employment with the Social Security Board at Baltimore has been made by Mrs. Minnie L. Brunett, representative of the board, who has established recruiting headquarters at the United States Employment Service office here.

She will interview applicants between 2 o'clock in the morning and 5 o'clock in the afternoon until next Tuesday.

Training will be given on the job in Baltimore for positions as operators of card punch machines, sorting and tabulating machines. Those appointed will be employed by the accounting operations division of the Social Security Board. To be eligible applicants should be citizens between the ages of 16 and 50. No special ability is necessary. Persons now engaged in war work should not apply.

## Hoover To Take No Part in Convention

NEW YORK, May 25 (AP)—Herbert Hoover announced today he would take no part in the selection of the Republican presidential nominee and referred to efforts "by ill-informed people to link my name with various possible nominees."

The former president issued this statement from his suite in the Waldorf-Astoria hotel.

"Until now, I have ignored the continuous efforts by ill-informed people to link my name with various possible nominees for president, including Governor Bricker, Governor Dewey and General MacArthur."

"I am taking, and expect to take, no part in this election of the Republican nominee. The people and their duly-elected delegates will take care of that themselves."

## Honor Soldier

Mr. and Mrs. Joseph Robertson, Laurel Run, entertained with a chicken supper in honor of John Hanna, Westernport, who is home on a furlough.

Most tree-nesting birds that raise two broods in a season build a nest for the second brood.

## Sparrows Point Strike at End

BALTIMORE, May 25 (AP)—All of the 168 shear crewmen involved in a strike at the Bethlehem Steel Company's Sparrows Point plant went back to work today after a work stoppage that temporarily halted production of plate steel.

Company officials said that operations were normal as the 900 men thrown into enforced idleness by the strike which started Tuesday afternoon went back on the job.

The decision to return to work was made at a meeting of district A, United Steel Workers of America (CIO) last night. Albert Atallah, union district director, declared the union did not authorize the stoppage.

The dispute involved computation of pay for the crews and a request for wage increase. Prior to Tuesday's walkout, the shear crewmen participated in another work stoppage in connection with the same argument last week.

## State Preparing For Soldier Vote

BALTIMORE, May 25 (AP)—The job of getting state ballots to Marylanders in the armed forces was started today by the War Ballots commission, which directed the State Law department to prepare the form as well as tentative regulations to govern the voting in the November election.

The commission, which organized today with the governor as Chairman and Secretary of State William J. McWilliams as secretary, was created by an act of the recent special session of the General Assembly. Today's meeting actually was unofficial since the law creating the commission does not go into effect until June 1.

## Invasion May Delay League Ball Games

BALTIMORE, May 25 (AP)—If news of the invasion of Europe comes while a baseball game is in progress between Interstate League teams, all persons in the park will stand for three minutes of silent prayer, Arthur Ehlers, president of the league, said today.

At the conclusion of the prayer period, he said, the national anthem will be played and the game will be resumed.

## Love Succeeds McAvity

PITTSBURGH, May 25 (AP)—George H. Love of Pittsburgh, formerly vice president of Consolidation Coal Company, has been named president of the company to succeed the late Malcolm McAvity, it was announced here today.

Consolidation is largely controlled through stock ownership by Love and his associates, the M. A. Hanna Company, Cleveland. The general offices are in New York.

## Commencement Exercises Held At Parsons High

Miss Madge Harsh Presented Scholarship from Davis and Elkins

By HELEN COLLETT  
PARSONS, W. Va., May 25—Miss Madge Harsh, valedictorian of the class of 1944 of Parsons high school, was presented with a \$150 scholarship award from Davis and Elkins college at the graduation exercises held in the high school auditorium on Tuesday evening.

Others to receive awards were: Miss Cecilia Ann Stalnaker, the DAR Pilgrimage award; Miss June Ann Collett and Foster Mullenau, the local DAR award for outstanding leadership; the Danforth Foundation award, Jane Sayers and Earl "Mutt" Delaney.

The River City club annual award for the most courteous boy and girl went to Helen Stemple and Frank Robinson, members of the junior class; an essay contest sponsored by a prominent citizen of the town on the theme "Waste Not—Want Not", first prize of \$10 was won by Marie Sayers, second prize of \$5 was awarded to Ruby Dumire and third prize was won by Foster Mullenau.

At commencement exercises, the program included the processional and the recessional played by Miss

Paige DiBacco; the invocation, the Rev. Frank Johnson, of the First Methodist church.

The address of welcome was given by June Ann Collett, salutatorian of her class, followed by two numbers "Villia" and "Go To Sleep", by the Girls' Glee club.

A vocal solo "Danny Boy" was sung by little Catherine Wilson with violin accompaniment by Zella Nicholas and Ruth Schenley. Talks were made by Cecilia Stalnaker on "Spirit of the Navy", Heleene Allman on "Spirit of the Marines", Rosalie Simmons on "Spirit of the Coast Guard", Marian Evans on "Spirit of the Air Corps", and Jane Sayers on "Spirit of the Army". Following each talk, appropriate songs of each branch of the armed forces were sung by the members of the Boys' chorus.

A quartet composed of Frank Robinson, Donald Roy, Phyllis Ours and Betty Miller sang "Since I First Met Thee".

Miss Madge Harsh, valedictorian, spoke on "We Reach 1944. What Now?", followed by two numbers "Melody of Love" and "My River Home", by the Girls' Glee club.

Earl Corcoran, assistant county superintendent of schools presented diplomas to the members of the class. Several diplomas were presented to parents of members who

were called for the armed forces before graduation.

The benediction was given by the Rev. R. E. Miller, pastor of St. John's Methodist church.

### English Club To Meet

The regular meeting of the Parsons English Club will be held on Friday evening in the club rooms of the Community building in Parsons with Mrs. Anna Lake and Miss Clara Rightmire as hostesses.

Program leaders are Mrs. P. W. Smith and Mrs. Herman Lambert. The social hour will be in charge of Mrs. Lenora Hickman.

### Mrs. Hayward Taylor

Word was received in Parsons this morning of the death of Mrs. Hayward Taylor, of Weston, former Parsons resident, who died late Tuesday evening.

She was born in Tucker county, July 24, 1894, the daughter of the late John W. D. and Mary Hacker Kee. She is survived by her husband, one son, Phillip, of Weston high school, and one daughter, Helen Gould, who will graduate Sunday from Glenville State college.

Brothers and sisters surviving are James Kee, Kirk Kee, Mrs. Charles Pitman, Mrs. Lily Greenleaf, Miss

Faye Kee, all of Parsons; Mrs. Blanche Duckworth, Porterwood, and Mrs. Albert Watson, Morgantown.

### May Day Procession

Twenty-seven children received their first Holy Communion Sunday morning at 9:30 a. m. in the St. Thomas Catholic church. The Rev. Father Francis, Spiller celebrated the communion and gave a brief talk to the communicants.

Sunday afternoon the annual May Procession was held at the church

The procession included students of the parish school, Miss Elizabeth LaMont, eighth grade student was selected as May queen. Her attendant was Miss Gertrude DePollo. Josetta Gatto carried the queen's train.

On Sunday the five graduates of the St. Thomas school will attend the 9:30, mass. They are Elizabeth LaMont, Gertrude DePollo, Joseph Sagace, James and Sam LaMont. The Rev. Fr. Spiller will present the diplomas.

Following the mass, the graduates will be honored with a breakfast given by the other students at the school.

### Stationed in Italy

Mrs. Charles Pitman, of Parsons, received word that her son, Cpl. Alwin W. Pitman, is stationed on the Anzio beachhead in Italy.

Gorillas are total vegetarians in nature but in captivity take easily to a diet of meat.

## Frostburg Marine Returns Home on 30-Day Leave

Francis J. Madero Went to Southwest Pacific in Dec. 1942

By RUDOLPH NICKEL

FROSTBURG, May 25 — Pfc. Francis J. Madero, United States Marine Corps, son of Mrs. Rose Madero, 221 East Main street, arrived home this week on a thirty day furlough, the first leave he has enjoyed since enlisting in the marine corps September 14, 1942. He came from Oakland, California, where he was a patient in a governing hospital, following his arrival in the United States.

Before joining the marines, Madero was an employee of the Navy Department in Washington. He completed his basic training at Camp Pendleton, Calif., and was shipped overseas from California, December 1942 with the first marine corps combat battalion to arrive in the Southwest Pacific area.

He saw service on several Southwest Pacific islands and says life in the marines is swell and plans to make military service his career. He has four brothers in the service, Master Sgt. John Madero, San Antonio, Va.; Sgt. Joe Madero, Camp Fisher, N. C.; Pvt. Samuel Madero, medical corps, Camp Reynolds, Greenville, Pa., and Pvt. Alvin J. Madero, Port Bragg, N. C., and two brothers at home who are ready for service.

## New Books Received

Life stories of 380 "people behind the news" are now available in Cumberland Biography 1943, just received by the State Teachers college library, Miss Helen Y. Hough, librarian, announced today.

Outstanding personalities in literature to the theater—including international and United States government officials, military and naval chiefs, diplomats, industrial writers and journalists, artists, musicians, engineers and law leaders in education, medicine, science, and sports—include in this 896-page Year-Book. Women in the news from 1914 to 1943 have also been listed, and there is a cumulated index for four years giving the name followed by the year in which the biography appeared.

Harry Allen is included in the 1942 volume, which is also in the college. John Charles Thomas is in the 1943 volume.

## Homemakers Meet

Mrs. Maude Bean, home demonstration agent, was the principal speaker last evening at the monthly meeting of the Frostburg Homemakers club at the home of Mrs. Mary Dennison, Frost avenue. The topic being "Prevention of Moth in Clothing."

Mrs. Harry Morgan, president, presided. Mrs. James Brode gave history of a famous Irish hymn. Mrs. Russell Diehl reviewed the "Taps for Private Tussy."

The next meeting will be held at 8 p. m. at the home of Mrs. Morgan, 141 Frost avenue. Members will exchange magazines, an other reading matter. There will also be a tour of gardens. A picnic supper and a vesper service will follow.

## Frostburg Briefs

## Betty Constable Becomes Bride of Dr. Alberto Adam

Ceremony Takes Place in Trinity Lutheran Church in Keyser

By LUKE McDOWELL

KEYSER, W. Va., May 25—At 8 o'clock Wednesday evening at the home of Mr. and Mrs. J. W. Constable, Hughes street, their daughter, Miss Betty Jane Constable, became the bride of Dr. Alberto Adam, San Juan, Puerto Rico.

The marriage rites were read by the Rev. C. K. Spiggle, pastor of Trinity Lutheran church. There were present about sixty friends and relatives. The double ring ceremony was used. Preceding the ceremony Miss Barbara Lee Bower sang "I Love You Truly." She was accompanied at the piano by Mrs. Robert T. Coffman.

To the strains of Lohengrin's wedding march, the bride with her father, preceded the groom, her sister Miss Vivian Bisset; the trio proceeded to the altar improvised of white peonies and orange blossoms, where they were joined by the bridegroom escorted by his best man, John G. Deputy Jr.

The bride was attired in a ensemble of yellow with a shoulder corsage of white orchids. Her maid-of-honor Miss Vivian Bisset, Morgantown, wore an ensemble of yellow with corsage of yellow rose buds. The bride's mother, Mrs. Constable, wore an ensemble of green with white accessories and a corsage of gardenias.

Following the ceremony there was a reception. A lace covered bride's table was centered with a bride's cake topped with a miniature bride and bridegroom.

The bride is a graduate of Keyser high school and attended Potomac State school before entering the West Baltimore General Hospital School of Nursing, where she is now a senior. She is a member of the army cadet nursing corps.

Dr. Adam received his basic training in San Juan and later graduated from the Maryland Medical school. He is now a member of the staff of West Baltimore General hospital.

After a brief honeymoon they will resume their duties in the West Baltimore General hospital.

## Oakland School Board Re-elects President Dawson

Authorizes Teacher Bonus Payments; Close Four One-Room Schools

By GEORGE H. HANST

OAKLAND, May 25 — For the fifth consecutive year, Walter W. Dawson was elected president of the board of education of this county, at the annual meeting on Tuesday in the court house, Oakland. Stuart F. Hamill was re-elected vice president. Also present were R. E. Guard, Friendsville, associate member, and F. E. Rathbun, secretary and county superintendent.

The board accepted resignations and discontinuance from the service as requested, of the following teachers: Rathbun, stated; Margaret E. Bouton, Friendsville high; Arthur Scrogum, Friendsville high; Betty Scrogum, music teacher in high schools in northern section; Margaret E. Rudy, Accident high; Mrs. Martha E. Brookhart, Oakland high; Mrs. Loretta Hoopengardner, Oakland high; Mrs. Wilda Fay Tucker, Friendsville elementary; Mrs. Marjorie R. Smouse, Friendsville elementary; Mrs. Winifred D. Saylor, Johnson; Mrs. Elizabeth H. Williams, Beall; Mrs. Virginia K. McManis, Oakland elementary; and Mrs. Athena Null Otto, Avilion. All resignations take effect June 30, 1944.

The board authorized payment of bonuses to teachers in the schools of the county in accordance with acts of the special session of the General Assembly of Maryland, of 1944. The board will pay \$20 bonus in May and June; \$40 for October, November and December. Payouts for these payments are from both county and state sources, totaling about \$27,000 to December 31, 1944. Provisions have been made by the assembly for \$20 per month bonus for each teacher in addition to the above for six months, January 1, 1945, to June 30, 1945, or a total of \$18,000.

The board authorized the county superintendent to advertise for sealed bids for the purchase of the abandoned Selbysport two-room school.

The board passed an order closing the following one-teacher schools:

Gorman school, pupils to be transported to Red House; Port Hill school, pupils transported to North Glade; Chestnut Grove school, children transported to Bloomington; Sang Run school, closed, and pupils transported to Friendsville.

Rathbun said the board found it necessary to close these schools due to the very small attendance of pupils and to the shortage of trained and qualified teachers.

## Navy Selectees Leaving

The following named men who have been accepted for service in the navy have been ordered to report to the Selective Service board in Oakland on Thursday night, June 1, to entrain for the navy recruiting station, Baltimore, where they will be assigned to a training station:

## PROCLAMATION

WHEREAS, it is a matter of common knowledge that large forces of American and Allied troops are concentrated at various points along the coast of Europe and have been especially trained and equipped for the invasion of Europe; and

WHEREAS, the day of said invasion, while a military secret, is nevertheless announced by the Allied High Command as not far distant, and has been termed "D" Day; and

WHEREAS, said invasion, when launched, will constitute one of the most gigantic military maneuvers ever to take place within the history of man and must, of necessity, be accompanied by serious and regrettable deaths and casualties to American men as well as to the soldiers of other nations participating therein; and by reason of the grave military character of the undertaking said day is destined to become one of the outstanding days in all history and is, therefore, to be looked upon with gravity and reverence; and

WHEREAS, it has been announced by official Government agencies that the launching of said invasion will be promptly made known to the American public.

NOW, THEREFORE, I, Thomas S. Post, Mayor of the City of Cumberland, pursuant to a resolution duly passed by the Mayor and City Council of Cumberland, and in behalf of the Mayor and City Council, do hereby proclaim "D" Day as a day of serious thought and reverence, and I do hereby request that upon the receipt of information that an invasion of Fortress Europe has been launched that, the several churches of our community shall be opened and remain open during said day in order that such persons as may have an opportunity so to do may enter the same and offer suitable and reverent prayer for the success of the Allied Armies; and I do further request that all employers and employees throughout the community shall, upon receipt of proper information, designate during said day in each of the several business houses and factories throughout the community a period of two minutes during which all persons unable to attend church may have an opportunity to invoke the blessings of God upon our undertaking.

GIVEN UNDER MY HAND AND SEAL THIS 24TH DAY OF MAY, 1944, AT THE CITY HALL, CUMBERLAND, MARYLAND, WITH THE CORPORATE SEAL OF THE CITY OF CUMBERLAND HERETO ATTACHED.

THOMAS S. POST,  
Mayor.

Attest:  
S. E. GRIMINGER,  
City Clerk.

## Evelyn Lashley Named Editor of Alcohol Mirror

Evelyn Lashley, former advertising manager of the Alcohol Mirror, Allegheny high school paper and GSPA medalist winner, has been named editor-in-chief of the paper which will begin its twenty-first year of publication next September.

Assisting Miss Lashley will be Donna Mathews, managing editor; Germaine Margolis, associate editor; and Paula Williams, assistant editor. The latter has the distinction of being a staff member of the publication four consecutive years. All four girls are members of the journalism class and served as page editors or on the business staff.

Other major positions on the paper will be assigned in September. Those who are qualified for them are: Theoda Lee Kompanek, Helen Smith, Doris Barnard, Ursula Bucki,

Winifred McCloskey, Carola Allen, Mildred Cramer, Patricia Dumire, Joyce Everline, Roma Johnson, Helen Kerns, Mary Heinrich, Mary Langer, Margaret O'Brien, Yvonne Rogers, Maxine Radcliffe, Wilma Steele, and Mary Catherine Vogel.

Certificates for proficiency in journalistic work and a script "A" were awarded to the following on the editorial staff at the farewell assembly:

Margaret Reid, editor; Helen McDuffie and Peggy Poland, managing editors; Mary Williams and Charlotte Exley, associate editors; Louis Baker, sports editor; Jean Torbet, columnist; Beverly Beckman, artist; Teddy Cowden, Martha Ewing and Dorothy Dicks, reporters.

To receive this recognition of achievement two years work on the paper is required. Of the students does not take journalism until the senior year, one year of exceptional work will merit the award.

Awards on the business staff were won by Barbara Kitzmiller, business manager; Evelyn Lashley, advertising manager; and Ursula Bucki, Helen Smith, Theoda Lee Kompanek, Donna Mathews and Germaine Margolis, business associates. Typists receiving letters were

Marie Ackerman, Mira Lee Biggs, Betty Hammond, Winifred Lohr, Betty Jane Ours, Betty Lou Vogel, Florence Williams and Angela Wilson.

The Alcohol Mirror, at the GSPA convention earlier this year captured triple awards, medalist, All-Columbian and the Victory Star certificates.

## Three Tri State Soldiers Listed As War Casualties

Two West Virginians and a Pennsylvania man were listed as casualties of war in reports received yesterday.

Pvt. Robert W. Mullenax, son of P. W. Mullenax, Davis, W. Va., reported wounded in action on the Italian front.

Pvt. Woodrow Tharp, Warden, W. Va., husband of Mrs. Evangeline R. Tharp, reported wounded in the Mediterranean zone.

Lt. Glenn Zimmerman, Berlin, Pa., husband of Mrs. Virginia Fry Brant, Berlin, reported dead en route to Alaska. He died aboard ship while en route to Alaska.

## 24 Apply for Railroad Jobs in Single Day Here; 15 Persons Are Placed

Twenty-four persons applied for railroad jobs and fifteen of this number were placed yesterday at the office of the United States Employment Service, according to Edgar J. Mitchell, field representative of the United States Railroad Retirement Board.

Mitchell will be, at the USES office, Public Safety building, today from 8:30 a. m. to 3:30 p. m. to interview persons interested in accepting railroad jobs. He will also be here next Thursday and Friday.

Approximately 200 men are needed to fill essential jobs with the B. & O. and Western Maryland in Cumberland and vicinity, Mitchell said, and he was greatly encouraged by yesterday's turnout of applicants.

## Marriage Licenses

Licenses to marry were issued to the following nine couples yesterday in the office of the clerk of circuit court:

Charles James Riccardi, Elwood City, Pa., and Emma Hall, Bridge-water, Pa.

Arthur Brown and Mary Elizabeth Miles, Fairmont, W. Va.

Baell Woodard Curtis, Bruner-ton, Wash., and Sarah Nettie Rowan, Cumberland.

Charles Samuel Kennedy and Kathryn Cornelius, Altoona, Pa.

William Henry Parron and Mabel Frances Jenkins, Baltimore.

Clarke Edward Rombesberg, Rockwood, Pa., and Ellen Lorraine Ash-Garrett, Pa.

Charles Smith and Margaret Brown, Pittsburgh, Pa.

Henry Albert Johnson and Mary Elizabeth Woodfork, Pittsburgh, Pa.

Harry Wilbur Lacey, Indianapolis, Pa., and Charlotte Dando, Pittsburgh, Pa.

Pvt. Roy A. Shryock, Jr., son of Mr. and Mrs. Roy A. Shryock, RFD 1, Oldtown, has reported to the army air forces training command at Keesler field, Biloxi, Miss., for training.

William B. Garlitz, Jr., 25, son of Mr. and Mrs. William B. Garlitz, Sr., Salisbury, Pa., and husband of Mrs. Meibie M. Garlitz, Savannah, Ga., received his silver wings and sea commission as a second lieutenant at graduation month, but administration will be carried on by neutral representatives working for War Prisoners' Aid, YMCA, funds for which are allocated from contributions to the local National War Fund drive.

Walsh also said he has been advised that as soon as possible the USO will add sixteen new club-houses to the network of forty-five clubs, sixty-one athletic fields and gymnasiums and fourteen mobile units now maintained in the Hawaiian Islands for men and women of the armed forces on duty there.

Pvt. John A. Armentrout has been transferred from Camp Reynolds, Pa., to an undisclosed destination. He is a former resident of Westernport.

Pvt. Robert Abe, son of Mr. and Mrs. Clayton Abe, 252 Elder street, was recently graduated from sewing machine maintenance school at Fort Benning, Ga., one of five specialist schools offered to the parachutist at that army station.

Mr. and Mrs. Harry C. Morin, 331 Fort Hill avenue, have been advised of the arrival in North Africa of their son, Pvt. Paul P. Morin. Another son, Pvt. Harry C. Morin Jr., recently arrived in Hawaii, and a third son, Pvt. Eugene C. Morin, is stationed in Panama.

Mrs. Joyce C. Boden, 109 Jackson street, received word of the arrival in England of her husband, Lieut. H. K. Boden, who is a pilot in a combat crew, flying a P-51 Mustang fighter plane.

Those who will receive the honor are: Paul M. Fletcher, assistant state's attorney; Dr. Albert C. Cook, dentist and William J. Armbruster, production manager of the Cumberland Steel Company.

The degree is an honorary one and is conferred on majority members of DeMolay for some outstanding civic, DeMolay or Masonic service they have performed. The local men, and one man from Hagerstown, have been designated by the Grand Council of the DeMolay order in Kansas City, to receive the degree.

The local men will become members of the DeMolay Legion of Honor of Maryland, a branch of the national organization.

Desertion Is Charged In Divorce Suit

Charging that her husband deserted her on October 1, 1943, Mrs. Dorothy Elizabeth McKenty has filed suit in circuit court for a partial divorce from Stewart N. McKenty. The couple were married September 30, 1938, and have two children.

An order signed by Associate Judge William A. Huster orders McKenty to pay \$12 weekly as alimony during the course of the suit and restrains him from loitering about the premises at 542 Greene street where Mrs. McKenty resides. She is represented by Harold E. Naughton.

## War Prisoners' Aid Work To Be Expanded; New USO Clubs Planned

Expansion of the work of War Prisoners' Aid, YMCA, a participating service of the National War Fund, may be expected as the result of the State department announcement that Japan has agreed to the purchase of \$25,000 worth of relief supplies a month for war prisoners and civilian internees in the Philippines, according to word received yesterday by William C. Walsh, local chairman of the National War Fund.

The government has made available the funds to purchase the supplies. The supplies will be carried on by neutral representatives working for War Prisoners' Aid, YMCA, funds for which are allocated from contributions to the local National War Fund drive.

Walsh also said he has been advised that as soon as possible the USO will add sixteen new club-houses to the network of forty-five clubs, sixty-one athletic fields and gymnasiums and fourteen mobile units now maintained in the Hawaiian Islands for men and women of the armed forces on duty there.

Music for the service will be presented by Mrs. Blanche S. Gunter, soprano; Donald Easter, baritone, with John S. Gridley playing the organ accompaniment.

## JOE CHORPENNING CALLS FOR LAUNDRY AFTER SIX MONTHS

SOMEWHERE IN AUSTRALIA (Delayed)—Marine Corporal Abner J. Chorpennig, Jr., of Cumberland, Md., likes his khaki well starched and neatly pressed.

He left his bundle of dirty clothes at a laundry with the announcement that he would call for the laundered garments in a few days.

But the next day his unit embarked for the combat zones. Six months later Chorpennig was evacuated to the same base. He longed for some clean clothing. Figuring the laundry shop couldn't remember the laundry load.

The proprietor couldn't remember Chorpennig, but he was sure in between 9 a. m. and 4 p. m., he must have the bundle around somewhere. After a few minutes, the laundryman located the dusty June 3, will be impounded by police.

parcel of missing clothing, according to the dispatch from Master Technical Sergeant John W. Black, a Marine Corps Combat Correspondent.

"Took you a bit of a while to come back," was his laconic remark as he read the "Will Call" notation on the package.

"Yeah," Chorpennig grinned.

## Bicycle Inspection Deadline Is June 3

Bike owners who delay until the deadline, Saturday, June 3, to have their bikes inspected, may have a hard time obtaining new tags to June 3, and owners are urged by the commissioner to bring their bikes in between 9 a. m. and 4 p. m., he must have the bundle around somewhere. After a few minutes, the laundryman located the dusty June 3, will be impounded by police.

Bikes without proper tags after the deadline, Saturday, June 3, will be impounded by police.

## BACKACHE, LEG PAINS MAY BE DANGER SIGN Of Tired Kidneys

If backache and leg pains are making you miserable, don't just complain and do nothing about them. Nature may be warning you that your kidneys need attention.

The kidneys are Nature's chief way of taking excess acids and poisonous waste out of the blood. They help most people pass about 3 pints a day.

If the 15 miles of kidney tubes and filters don't work well, poisonous waste matter stays in the blood. These poisons may start nagging backaches, rheumatic pains, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with smarting and burning sometimes shows there's something wrong with your kidneys or bladder.

Don't wait! Ask your druggist for Doan's Pills, used successfully by millions for over 40 years. They give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from the blood. Get Doan's Pills.

## Negro Democrats Demand Sealing of Carolina Delegates

COLUMBIA, S. C., May 25 (AP) — Progressive (negro) Democratic convention have demanded that its eighteen delegates to the national convention at Chicago be sealed in place of delegates elected

by the white South Carolina Democratic convention last week. To shouts of "you tell 'em brother" and "now you're talkin'," J. M. Hinton, secretary of the Negro Citizens committee of South Carolina, asserted "the negro wants peace and happiness if he can get it, but if it takes shedding of blood like Long (State Representative John Long of Union) said it would, he's not the only red blooded American in South Carolina."

## Farm Machinery Production Lags

WASHINGTON, May 25 (AP) — Production of two major classes of farm machinery, harvesting and haying equipment, still is running more than thirty per cent behind schedule, a War Production Board report disclosed here.

Under criticism from some members of Congress for permitting out-

put to lag, WPB issued a detailed statement of progress up to May 1 in the \$671,000,000 program for production of agricultural machinery and repair parts.

Marked improvement over the previous month was shown in most categories, but harvesting machinery was 34.8 per cent and haying machinery 33.1 per cent behind schedule. In harvesting machinery, production actually lost ground; the deficit on April 1 was 33.4 per cent. Chairman Donald M. Nelson last

week reported that the entire program was thirteen per cent behind on May 1 and would be about ten per cent off at the end of the production year on June 30. This was a comparatively bright picture, because the lag was 23 per cent on March 1 and 17 per cent on April 1.

## Sergeant and Girl Observe Christmas

ALBANY, N. Y., May 25 (AP) — Staff Sgt. Philip J. Hans, 24, and his best girl, Peggy Scooca, 19, celebrated Christmas eve last night. Last fall, Hans applied for a Christmas furlough at Ft. Benning, Ga., but he was unable to get home until yesterday. When he arrived at the Scooca

home, shouts of "Merry Christmas" greeted him. Inside he found the decorated tree, kept green since December by tender care, around it were his Christmas presents, among them a portable radio-phonograph.

 GAME NEXT WEDNESDAY  
 Fort Hill at Allegany  
 (End of season)

Hyndman (Pa.) high Bi-State Interscholastic Baseball Conference championship hopes suffered a severe jolt yesterday when Coach "Bobby" Cavanaugh's Fort Hill High Sentinels shut out the Pennsylvanians, 3-0, on the Fort Hill field behind the four-hit pitching of Ronald Armbruster.

Hyndman, which would have joined the LaSalle High Explorers and the Beall High Mountaineers of Froburg in a tie for first place if it had hurled Fort Hill yesterday, undoubtedly is hoping that the Allegany High Campers stop the LaSalle outfit in an intra-city skirmish this afternoon at 4 o'clock at Campobello.

If the West Siders upset the city champs and Hyndman manages to defeat Beall next Monday then the race would end in a triple deadlock. However, if LaSalle wins its closing engagement this afternoon, then Hyndman would be out of the title picture.

#### Armbruster Fans Ten

Armbruster, in winning his second game of the season against two defeats, pitched to only twenty-five men. He fired the third strike across ten times and retired the side on successive strikeouts in the fourth inning when he fanned Jim Pick, Tom Burns and Curtis Stahlman. Gerald Harden, who went the route for Coach Lloyd Keller's crew, suffered his first setback in four games.

Armbruster allowed two hits in the second with John Waltham and George Cook each getting a single. The other Hyndman blows were made by Harden in the sixth and Burns in the seventh.

Harden limited Fort Hill to four blows but the Sentinels grouped three of their safeties in the fourth when they scored all of their runs. With one out, Tevis Durbin singled to left and stole second, Bob Shelley singled to right and Durbin counted on Ralph Beard's fielder's choice on which no play was made. A wild pitch enabled Shelley to score and Armbruster sent Beard home with a timely single.

Kauffman vs. Baker or Evans. LaSalle, which clinched city honors earlier this week when it defeated Fort Hill, will be seeking its second victory of the season over Allegany. The Explorers won the first clash between the clubs by a 12-2 count, and can assure themselves of at least a tie in the final

standing with a duplicate performance.

Jack Kauffman, who has won three games and lost one, will start on the mound for LaSalle while Lou Baker, who has pitched several innings this season, or Jim Evans will twirl for Allegany. Evans' record is one triumph and four losses.

Last night, Walter L. "Bill" Bowers, president of the conference, said there is nothing in the conference regulations regarding a playoff game or games if the race should end in a tie. "It's up to the schools involved," Bowers said.

Last year, Fort Hill and LaSalle finished on even terms and decided to share the title. Yesterday's box:

#### Churchill Rides Both Ends of Wheeling Double

WHEELING, W. Va., May 25 (AP)—Ellie Churchill rode both ends of the daily double today on the opening card of the thirty-day spring meeting at Wheeling Downs.

Churchill booted Jeane Jock home in the opener and rode Prince Jack across the barrier in the second half. The daily double paid \$15.40 to holders of \$2 tickets.

Best price of the day was \$22 returned to backers of Golden Media, R. A. Smith up in the fourth race, a six and one-half furlong event.

## Pafko as National

### Loop's Top Rookie

#### St. Louis Cardinal Pilot Also High on His Own Emil Verban

By JACK HAND

NEW YORK, May 25 (AP)—Andy Pafko is the best looking young ball player Billy Southworth has seen in the National League this year and that's a pretty fair recommendation coming from the skipper of the 1942-43 pennant winners.

After looking over new talent that dots every senior circuit roster, the St. Louis Cardinal manager today rated the Chicago rookie outfielder, who led the Pacific Coast League hitters while with Los Angeles in 1943, as the best of the crop. Pafko was hitting .306 through games of May 24.

Southworth is also high on his own second baseman, Emil Verban, who is making good as a replacement for Lou Klein, lost to the service.

"You watch Verban out there and you'll see some fancy fielding," said the Card pilot. "He may not have as much power as Klein but he is a better fielder."

Lanier To Pitch Regularly  
 Southworth's present starting pitcher alignment is Max Lanier, Mort Cooper, Al Jurisich, Ted Wilkes and George Munger. Wilkes, a strong armed fellow, has been promoted from the relief ranks and Harry Gumbert and Harry Breechen have been relegated to bull pen duty.

"That kid Jurisich has plenty on the ball," Southworth raved. "A step throat knocked him down right after he shutout Cincinnati and he hasn't got all his strength back yet but he's ready to go."

Max Lanier's six straight victories can be credited to more potes according to Billy the Kid who plans to pitch him every fifth day regardless of turn.

"Four days rest are just what he needs," the skipper ruled. "I tried him with less and with more but it didn't work. You'll see him out there every fifth day, hot or cold."

**Hit and Run Tactics**  
 The hit and run has replaced the "devil may care" base running of the 1942 world champions because the Redbirds lack the blinding speed and instinctive leadership of men like Terry Moore and Enos Slaughter. They didn't have it last year, a fact that amazed many in the World Series. They're not slow but they can't scoot like that '42 outfit.

Of course there's still Pepper Martin and Southworth is authority for the statement that the "Old Wild Horse" hasn't lost a step of his speed since the early 1930s.

"Pep doesn't like to play those night games, says he can't see the ball," the skipper explained. "I am not going to use him under the

Root Rides Four More  
 Charles Town Winners

CHARLES TOWN, W. Va., May 25 (AP)—Jockey Buddy Root, already the leading rider by a wide margin at the current Charles Town meet, rode four winners today, including Wayne Kendrick's Honey-maid and Mrs. A. Fowle's Big Steel.

After plotting these winners in the fourth and fifth races respectively, the Kansas City saddleman scored first place honors on Bonnie Ina, owned by John Bosley, Jr., in the seventh and on R. C. Watt's Mistake, in the eighth, both photo finishes.

In the featured sixth even, however, Root took fourth money. J. L. Friedman's Mae Case, a \$3.20 favorite, was the winner by a length

and a half, finishing in front of a photo for second in which the camera voted for Alan T. Clarke's Walter Haight over Pearson and Shank's Discretion.

# Browns Measure

## Boston Sox, 3-2

### ST. LOUIS, May 25 (AP)—Bob Muncief won his second game of the year today in a pitcher's duel with Tex Hughson as the St. Louis Browns measured the Boston Red Sox, 3 to 2.

Muncief drove in the Browns first run in the fourth inning and two more were added in the fifth on George McQuinn's first homer of the season and successive doubles by Vernon Stephens and Gene Moore.

Tommy McBride scored from first in Boston's half of the seventh when Bob Johnson doubled. Bobby Doerr drove Johnson home with a single. The box:

## Gene Roman, Former Local Boxer, Rated as One of Top Referees

Officials in New Jersey Rings; Recalls Fights Here 30 Years Ago

A light-heavyweight boxer who starred in preliminary bouts back in the days when Miller's hall was Cumberland's No. 1 indoor arena, today is regarded as one of the outstanding fight referees in the country.

Gene Roman, who was known as "Fireman" in the days when he was a boxer, is now one of the top referees in the country. He has been refereeing fights in the Skeeter State as an official of the New Jersey Athletic Commission.

Atlantic City papers praised Roman for his action for his punch, which put life into a dull party, was the only solid one landed that evening.

Gene Roman, who was known as "Fireman" in the days when he was a boxer, is now one of the top referees in the country. He has been refereeing fights in the Skeeter State as an official of the New Jersey Athletic Commission.

He highly prizes a photograph of himself posing with Joe Louis at the latter's camp at Pompton Lakes, N. J. Gene says Louis is the greatest of modern heavyweights and rates Gene Tunney as runner-up.

Accompanying Gene on his trip to Elkins was his daughter, Bridges.

## Al Javery Gives Bucs Three Hits As Braves Score

Pirates Blanked 1-0 by Stincevich Sustaining First Loss

BOSTON, May 25 (P) — Al Javery hurled a three-hit shutout to gain his first victory of the season today, as the Boston Braves nosed out the Pittsburgh Pirates, 1-0.

Nick Strincevich opposed Javery and matched the Braves' right-hander in every inning but the first when a pair of walks to Connie Ryan and Max Macon, followed by Butch Nieman's single, allowed Ryan to score the only run of the game.

A great stop by Shortstop Billy Wietelmann of Strincevich's grounder in the fifth inning, with two on, prevented the Pirates from tying the score.

Manager Frankie Frisch was ordered off the field by Umpire Ralph Pinelli in the sixth inning. The box:

## Detroit Blanked 2-0 by Athletics

DETROIT, May 25 (P) — The Detroit Tigers suffered their eleventh defeat in twelve games at Briggs stadium when Luman Harris pitched a three-hitter and drove in the winning run today to give the Philadelphia Athletics a 2 to 0 decision.

Harris, who carried a thirteen-game losing streak into the 1944 season and then dropped his first start, didn't permit a Tiger to reach third base while gaining his fourth victory and second shutout. The A's gathered ten hits off Johnny Gorsica, who was charged with his third defeat.

The game was scoreless until the seventh when Irvin Hall doubled, advanced on Edgar Busch's sacrifice and scored on Harris's single. In the eighth Ford Garrison singled for his third hit, moved up on Frank Hayes's sacrifice and scored on Dick Siebert's double. The box:

## Roughness on Court, Football Kickoff Discussed by Big Ten

CHICAGO, May 25 (P) — Western Conference football coaches today reached a gentlemen's agreement to abolish deliberate out-of-bounds kickoffs while the basketball coaches sought an agreement to make their games next season more gentlemanly.

One long-time midwest basketball official accused several Big Ten coaches of teaching illegal body blocks and said that "higher ups" would urge such tactics be eliminated. It was reported that

some coaches would not agree to schedule games with a certain conference school because of that school's rough type of play on the courts last season.

"Basketball is now played in the conference is nothing more than semi-football," said the official, who requested to remain anonymous.

"The teaching of body blocks has been going on so long that Big Ten players who later have become high school coaches are showing their prep boys how to use them. The sport is becoming strained and hard to control, and I have it on good authority that suggestions have been passed down to Big Ten coaches to clean up the sport or else."

## 900 Blood Donors Register for Red Cross Project

Half of Quota Is Attained; Cards Will Be Mailed to Registrants May 31

Fifty per cent of the goal to register 1,800 volunteer blood donors for the American Red Cross campaign which will be conducted here for two weeks, commencing Monday June 5, has been attained to date, according to Joseph H. Cromwell, chairman of the project.

The 900 persons who have registered can be handled in one week by the mobile unit which will be in operation in the Masonic Temple, Greene street, June 5 to 16, with the exception of Saturday and Sunday, from 12 noon to 5 p. m. daily. The mobile unit will be in charge of army and navy doctors who will be equipped to handle eight persons every fifteen minutes.

Cromwell advised those who have registered not to become alarmed because they have failed to hear from the Red Cross.

To Mail Cards May 31

The chairman said that all volunteer blood donors who have signed up will be notified the date and hour to appear for appointment by cards which will be mailed from local headquarters on Wednesday, May 31, five days before the actual blood-taking process gets under way.

With 900 already registered there are still 900 volunteers needed and those wishing to aid this most worthy cause are requested to call telephone 2578 or register at the booth in the lobby of the Strand theater, which will remain open in the evenings until the campaign gets under way. Mrs. Lloyd R. Meyers is in charge of the registration booth.

Celene Names Kloran

Cromwell stated that James Kloran, veteran of the Second World War, who saw service in the African campaign, has been designated by Fred T. Small, plant manager, as co-ordinator of the Celene Corporation of America in the blood donor campaign. Arrangements have been made with the local military police for the use of their cars in transporting employee donors to and from the Celene plant when the campaign starts.

Chairmen reported the progress of their committees at a meeting here yesterday with Allegheny county chapter officials. Those attending were Mrs. Porter D. Collins, chairman, and Mrs. Stanley Jones, secretary; Mrs. Lloyd R. Meyers, registration; Mrs. Richard Penfield, nurses aide; Mrs. Irving Millerson, staff assistants; Mrs. Morris Rosenbaum, arrangements and canteen; Mrs. Virgil Lemperer, motor corps; Mrs. Edward J. Ryan, chairman, Frostburg motor corps; Mrs. Lee W. Withruff, chapter chairman; Mrs. Somerville Nicholson, co-chairman, and Cromwell.

## Blue Cross Plan Expands in State

Edwards Advised 232,046 Persons Covered in Maryland on May 1

Protection of Maryland workers and their families against the costs of hospital care was extended to 232,046 persons as of May 1, according to a report received yesterday by William J. Edwards, local field representative of the Blue Cross group hospitalization plan, from state headquarters in Baltimore.

The national report indicates that protection was extended to over 13,000,000 persons in 1943, when 2,600,000 additional participants in the United States and Canada elected to enroll in Blue Cross plans.

This figure is exclusive of 750,000 suspended contracts held by subscribers in the armed forces, who may renew protection upon their return to civilian life.

There are now seventy-eight Blue Cross plans located in thirty-eight states and seven Canadian provinces. These plans are sponsored by 2,600 member-hospitals.

Indorsements bear the signatures from such varied labor groups as the United Automobile Workers, Brotherhood of Carpenters and Joiners, International Typographical Union, United Mine Workers, Amalgamated Association of Street, Electric Railway and Motor Coach Employees, United Dairy Workers, United Electrical, Radio and Machine Workers and Brewery Workers.

The honor roll is being erected by the Ridgeley Lions Club, the Ridgeley Rod and Gun Club, the Town of Ridgeley and the Ridgeley Volunteer Fire Company.

## Gets Permit To Build

Hunter B. Helfrich yesterday obtained a permit from the city engineer for the construction of a one-story concrete block summer kitchen on the rear of the lot at 727 Sylvan avenue. The cost is estimated at \$150.

**IS ENSIGN NOW** — A former Port Hill high school student, Paul H. Whitford, who won the Casey Sportsmanship award and the Hazelwood Athletic award, in his senior year, is continuing his winning ways. On May 15 he won his navy "Wings of Gold," at Pensacola, Fla., and was commissioned an ensign in the naval reserve. (See story).

## Paul H. Whitford Is Commissioned In Naval Reserve

Local Boy Wins "Wings of Gold" and Becomes an Ensign

Paul H. Whitford, 19, son of Mr. and Mrs. Robert M. Whitford, 717 Arundel street, won his navy "Wings of Gold," and was commissioned an ensign in the naval reserve, May 15, following the completion of the prescribed flight training course at the naval air training center, Pensacola, Fla.

Having been designated a naval aviator, Ensign Whitford has been stationed at Deland, Fla., for a two months training course, before being assigned to a combat zone. He expects to be home on furlough about the middle of July.

Ensign Whitford won the Casey Sportsmanship award, his senior year at Port Hill high school and two weeks later the Hazelwood Athletic award. While at Fort Hill, where he was graduated in 1942, he participated in football, basketball and baseball. He played football three years, and was quarterback on the first team for two years; played guard on the basketball varsity for two years and was captain of the team his senior year. He played baseball for three years also, being first baseman on the varsity for two years.

After graduation he was employed for a short time on the staff at Celene and then at Kelly-Springfield Tire Company, before entering the service February 12, 1943.

Ensign Whitford received his training at Mount St. Mary's college, Emmitsburg; Jackson Mills Training Station, Weston, W. Va.; the naval pre-flight school at Athens, Ga.; the naval air training center at Memphis, Tenn.; and the naval air training center at Pensacola, Fla.

## Traffic Deaths Pass 1943 Mark

Two in April Boost Total in Allegheny County to Four for the Year

Two deaths were reported in Allegheny county during the month of April, which increased to four the number of traffic fatalities for 1944, according to a report prepared by the Maryland Traffic Safety Commission.

The two deaths followed two fatalities-free months of February and March after two had succumbed to highway injuries in the first month of the year.

Traffic deaths reported for the first four months in 1944 are just half the number killed for the entire year of 1943 when eight fatalities were reported. No deaths were reported in the county in April, May, June and July, 1943. Two met death during the first four months.

Eight traffic accidents were recorded in the county last month and in addition to the two deaths, five persons were injured. Garrett county's report showed one accident and one person injured.

The statewide report for April showed 1,016 traffic accidents, thirty-six killed and 511 injured. Twenty-eight persons were killed, 184 injured in 292 accidents in the counties.

During the first four months of this year there was a total of 4,318 accidents reported, with 117 persons killed and 2,143 injured—an increase of approximately twelve per cent in accidents, deaths and injuries over the same period last year.

## Memorial Service Will Be Held Sunday

Pulston Myers Post, 153 American Legion will hold a Memorial service at 8 o'clock Sunday evening in McKendree church, North Centre street.

Albert W. Knight, a member of the Royal Air Force of World War I, will be the guest speaker. William F. Jones, commander, will officiate at the service.

## Chairmen Named For Purple Heart Convention Here

**Shaffer Succeeds Carr**

At a meeting of Mountain Chapter, last evening in the V. F. W. home, Victor E. Shaffer, 314 North Mechanic street, was elected finance officer to replace Ernest E. Carr, who has resigned on account of ill health.

All members are requested to report to the V.F.W. home next Tuesday at 9:30 a. m. wearing cape and their Purple Hearts to participate in the Memorial day parade and exercises at Rose Hill cemetery. George M. Leib, commander, announced that Purple Heart medals will be presented to four Allegheny county war veterans at the department convention here next month. They are John Blubaugh, Route 1, Frostburg; Edward Doyle, George T. McCormick and William J. Park, of Lonsconing. Blubaugh, Doyle and Park were with the Ninth Infantry of the famous Second division and helped stop the Germans at Chateau Thierry. Blubaugh was gassed and Doyle was wounded on July 3, 1918 while Park was wounded in the Meuse-Argonne offensive. McCormick was wounded November 9, 1918, two days before the Armistice was signed. He was serving with the Third Hundred and Fourteenth Infantry, Seventy-ninth division in the Meuse-Argonne sector.

## Stolen Jewelry Is Found in Manhole

Articles Taken from Hazelwood Home Recovered by City Employee

Watches and jewelry, some stolen from the home of George P. Hazelwood, 611 Kent avenue, on October 17, 1943, were found in a manhole on South Centre street opposite the armory yesterday morning. Lt. Detective R. Emmett Flynn said last night.

The jewelry was found wrapped in a paper sack by Oliver Holmes, a city employee, who was cleaning the manhole. Flynn said that after he was informed of the discovery he contacted Holmes and they checked the articles with the records of stolen property on file at police headquarters.

One pin, a Royal Order of Jesters medal, was inscribed with Hazelwood's name while other articles fitted descriptions of property taken from the home on October 17 while the Hazelwoods were away. Some of them came from England.

Flynn pointed out that some of the articles may have been taken in other thefts at homes in this city.

Among the articles recovered were four watches, one bearing the initials "CAS," one military academy ring, four bracelets, several camera earrings, three stickpins, three breast pins and watch chains. Numerous other small pieces of jewelry were found in the package in the manhole.

## Russell Cox Resigns Motor Club Position

Russell Cox, secretary of the Western Maryland Motor Club for the past year, has submitted his resignation in order to take another position. J. Walter Byer, president, announced last night. The resignation is effective Saturday.

Byer said Cox's resignation will be filled by Mrs. Mary K. Mullan, 213 Arch street, a former county employee.

**TWO KINDS OF FEET**—Pvt. Floyd "Shorty" Dixon, (left), of Cumberland, whose size 2½ shoes are the smallest at Truxfield, AAF training command, Madison, Wis., can smile now as he looks at the size 13 brogans of his fellow radio mechanic student, Pvt. George Heimsch, of Milwaukee. The quartermaster is providing four pairs of GI shoes in Dixon's size.

## Baptist To Hold Annual Session In Frostburg

Program Is Announced for Western District Meeting June 1 and 2

The sixty-fifth annual session of the Western District Baptist Association will be held June 1 and 2 at Mt. Zion Welsh Memorial Baptist church, Frostburg, with "Deeper with Christ," as the theme.

Mr. Berghauer, on "Our State Program"; Dr. Joseph T. Watts, "Highlights of the Atlanta Convention." The devotionals will be by the Rev. William B. Orndorff, and the report of the district Sunday school association by Harry L. Dorfmeier, and of the training union by Miss Pansy Largent.

The Rev. Edwin W. Saylor, First church, this city, will preside at the closing session, Friday evening, at which time the report of the nominating committee will be made, officers will be elected and installed. Addresses will be made by Dr. Moore and Dr. Watts, the former speaking on "Witnessing for Christ Abroad," and the latter on "Becoming Christlike." The Rev. B. Finney Bragg, of Mountain Lake Park, Deep Creek and Fernside churches, will be in charge of the devotionals.

Lunch and supper will be served by the host church, Friday, Thursday session will begin at 7:45 o'clock; Friday morning at 9:45, followed by a social hour; the afternoon session at 2 o'clock and the evening session at 7:30 o'clock.

## 14 Building Permits Issued by Engineer

Fourteen building permits for \$12,666.51 worth of construction were issued during the fiscal month ending yesterday, the city engineer announced.

The largest item was \$10,000 for an addition to a bakery.

Permits included nine for additions to houses, three new garages and one summer kitchen.

## Seniors Present Gifts to Faculty At Fort Hill High

Ronald Armbruster and Joy Wilson Are Winners of Danforth Awards

Gifts were presented to the faculty as the seniors of Fort Hill high school concluded their activities by giving the annual farewell assembly in the school auditorium.

In appreciation for their interest and service, the seniors presented gifts to Victor D. Heisey, principal, Miss Margaret Hamilton, Robert Morris, Mrs. Lena Clemmer, Miss Nellie Willison, Miss Kathryn Pafel, Ralph Wimer, Miss Charlotte Geisbert, Carl Ritchie, Miss Dorothy Sturdivant, Miss Chloris Benson and Walter Boone, business adviser of the Class of 1944.

## AFL Convention Adjourns; Race Issue Comes Up

Negroes Want Representation on Executive Board To Fight CIO

The thirty-ninth annual convention of the Maryland State and District of Columbia Federation of Labor ended shortly after 1 p. m. yesterday following a morning session at which the race issue came to the fore for the third straight day.

Negro delegates told the convention they need something with which to fight the CIO and said it could best be done by representation on the executive board through election of negroes to vice presidencies. On Wednesday Charles S. Hill, Washington negro, was overwhelmingly defeated for one of the six vice presidential posts.

The issue came to the front yesterday when the Laws committee recommended rejection of a resolution calling for an increase in the number of vice presidents from six to eight.

Last year negro delegates submitted a resolution calling for an extra vice presidency to be filled by a member of their race, but the proposal was beaten, and yesterday Lawrence Owens, Washington negro, a backer of the resolution this year, declared that last year negroes were told they would the resolution wrong so this time reference to negroes was omitted.

**Beaten by CIO**

Declaring that he backed the resolution because it would "do more for the AFL than for the negro," Howard Rollins, Baltimore, negro, of the Musicians union, said the AFL has not won a single election against the CIO in the Baltimore district and "it looks like we won't win any. A vice president from Washington and Baltimore would help."

Rollins asserted the Maryland and District of Columbia Industrial Union Council (CIO) has three negro vice presidents and added that the CIO also has seven negro organizers and the AFL none in Baltimore. "The negro wears the banner of the CIO in elections with the AFL," he said.

Hill, the Washington negro, declared, "we can't be wrong all the time. We have been coming to conventions for twenty years and I see no hope for the next twenty. There is a feeling of unrest among negroes and you are failing a friend."

John A. Hawkins, Baltimore negro, said it is necessary to have negro representation as the whites cannot organize negroes.

A resolution, introduced by the Allegheny Trades Council, calling for all groups of labor to unite and ask the president and Congress to establish a National Postwar Economic Planning Board, was approved.

## Cashing of War Bonds Increases Slightly

Although only a small fraction of the war bonds sold in the Cumberland area are being cashed, there has been a slight increase, of late, in the number of persons applying at the post office here for identification, preliminary to cashing their bonds, James C. Shriver, postmaster said.

While persons planning to cash bonds are not required to give an explanation, the majority voluntarily supply the reason when they apply. Postmaster Shriver said. In most cases they explain that they will use the money either to pay taxes or hospital bills or to buy property.

Bonds involved are in small denomination, in small lots, in nearly all cases the postmaster pointed out.

Hite properties: Julia Kilroy, Jean Saylor, Juanita Hinkle and Audrey Stemple, make-up, and Charles Kunes and Richard Leasure, stage.

## Council To Meet With State Roads Group on May 31

To Discuss Viaduct Project Post Calls Recreation Program Session

The mayor and city council will go to Baltimore on Wednesday May 31, to meet with members of the Maryland State Roads Commission for the purpose of discussing plans for the proposed four-lane elevated viaduct and approach thereto, recommended as a postwar project for Cumberland by William A. Gunter and Associates, Baltimore planning engineers.

Plans submitted by the engineering firm for the erection of the viaduct extending from the intersection of Emily street and Maryland avenue to the intersection of Green and Johnson streets were approved by the Cumberland Planning and Zoning Commission, of which Thomas W. Koon, former mayor, is chairman, and on May 17 the mayor and council voted its unanimous approval.

**State Funds Involved**

Mayor Post yesterday stated in view of the fact that the proposed viaduct is a relocation of Route 40, the Maryland State Roads Commission has taken a keen interest in the matter as state funds will be involved if the bridge is erected. Federal funds also will figure in the postwar project, the
